

XPC3® START TO FINISH

ONE STEP COMPOUND

DESCRIPTION:

Introducing Technician's Choice® TEC552 XPC3® Start to Finish One Step... Is a blend of high quality, VOC compliant solvents, UV absorbers and carnauba wax designed to remove oxidation and minor imperfections from any old or new paint surface. TEC552 is the complete pre-owned vehicle paint correction product that cleans, polishes & waxes in one step.

DIRECTIONS:

SHAKE WELL BEFORE USING. DO NOT USE ON HOT SURFACES OR IN DIRECT SUNLIGHT.

Use a quarter size amount of TEC552 XPC3® Start to Finish One Step with TEC3040 Pre-Washed Lambswool Pad or TEC1521 Green Waffle Pad to level and remove any imperfections up to a speed of 1700 RPM.

OUTSTANDING FEATURES:

- VOC/OTC Compliant
- Removes minor scratches & imperfections
- Contains no Silicones
- Dust Free
- Contains Carnauba Wax

AVAILABLE SIZE(S):

- (4) 1 – Gallon
