PROFESSIONAL SERIES

TEC584

G-MAX®
GRAPHENE

DETAIL
SPRAY

DESCRIPTION:

G-MAX® Graphene Detail Spray features ceramic and graphene infusion to provide superior gloss and protection. TEC584 is the latest in exterior car care. The product takes the ease of use of a detail spray and turns the performance up to 11. Surface slickness is off the charts. Water beading is unstoppable. Gloss is eye piercing. Protection is the max.

G-MAX® Graphene Detail Spray is a versatile product which can be used on all of today's modern vehicle surfaces. The spray and wipe product is effortless and gives whole vehicle protection within minutes. Using G-MAX® on your vehicle provides whole vehicle protection for up to 6 months with one application. Maintain that protection by reapplying G-MAX® every 6 months. Repeated use of the product builds layers of protection and only enhances the overall look and protective qualities.

DIRECTIONS:

SHAKE WELL BEFORE USE. *For first time application* - wash and dry vehicle. Perform any needed preparation steps for a flawless finish (claybar, polish, etc.). Apply a few sprays to a panel. Use one microfiber towel to lightly wipe product into finish. Use a second microfiber towel to wipe to a high gloss shine. *For subsequent application (wet vehicle)* - wash vehicle. Apply a few sprays to a panel. Wipe dry with a microfiber towel. For best results, start with glass first to avoid streaking. *For subsequent application (dry vehicle)* - wash and dry vehicle. Apply a few sprays to a panel. Use one microfiber towel to lightly wipe product into finish. Use a second microfiber towel to wipe to a high gloss shine. If surface begins to streak, use another dry microfiber towel or use less sprays per panel.
