

FINAL FINISH

FORTIFIED WITH NANO TECHNOLOGY

DESCRIPTION:

Introducing Technician's Choice® TEC23 Final Finish With Nano Technology...Water-based silicone finishing formula that produces a dynamic "showroom" shine. Works on chrome, glass and dark vehicles without streaking.

DIRECTIONS:

DO NOT USE IN DIRECT SUNLIGHT OR ON HOT SURFACES. Shake well. For dry applications; Spray TEC23 and wipe, rotate cloth and buff dry. For wet applications; After washing and rinsing, while vehicle is still wet, spray TEC23 over entire vehicle, then dry blade or chamois down. Finish with a soft, clean towel or micro fiber and buff to a high gloss.

OUTSTANDING FEATURES:

- VOC/OTC Compliant
- Enhances Gloss
- Scratch Resistance
- Acid Rain Resistance
- Removes Dust, Finger Prints & Other Contaminants
- Safe For Paint, Plastic, Vinyl & Glass
- Non-Streaking
- Fast Drying
- Cherry Fragrance

AVAILABLE SIZE(S):

- (6) 32oz Case
- (4) 1- Gallon Case
- 5 Gallon
