PLATINUM
PROFESSIONAL CAR WASH SYSTEMS®

# ABOUT ECP

ECP Incorporated, one of the oldest and most trusted names in the Automotive Industry, features its Technician's Choice® and Platinum Professional Car Wash Systems® programs. Since 1969, ECP has delivered proven chemistry, product innovation and merchandising targeted to increase revenue traffic. Technician's Choice® is a major market segment of ECP's line of professional products - Auto Armor®, The Protector®, Platinum Protection Systems®, Tornador®, Fragrances Unlimited®, Detail Xpress™ and Platinum Professional Car Wash Systems®.

*Tomorrow's Technology Today*

TECHNICIAN'S CHOICE®

PROFESSIONAL SERIES

## Professional Detailing, Prep, Reconditioning & Service Chemicals

Quality products for Prep, Detailing, Reconditioning, Service & Body Shop Departments plus specialty products, aerosols, facility maintenance, bench chemicals, shop supplies and equipment.
www.technicianschoice.net

TORNADOR®
PROFESSIONAL CLEANING TOOLS

## Tornador Professional Cleaning Tools

TORNADOR® Car Cleaning Tools are the fastest and easiest way to clean all automotive surfaces. The TORNADOR® works with your air compressor to blast cleaning solution into crevices you can't reach by hand. Clean carpet, plastics, and upholstery inside the car. Clean wheels, convertible tops, and body seams on the exterior. The TORNADOR® Car Cleaning Tool cleans where other tools can't!
www.tornador.us

PLATINUM
PROFESSIONAL CAR WASH SYSTEMS®

## Professional Car Wash Chemicals

A complete line of professional series products created and formulated exclusively for tunnel, automated or handwash operations; complemented by a full merchandising and signage program.

*Innovations in Chemistry since 1935*

# ECP'S COMMITMENT TO GREEN

*Get it clean, and keep it green!*

When the symbols shown here appear by products listed in this catalog, it is your assurance that those products will leave a smaller environmental footprint and deliver a competitive edge for your business.

## Green Product

Our super concentrated products that are manufactured in our own energy efficient facility have less water, which in turn consumes less energy in shipping. More concentrate gives you more product by volume, thus less packaging, less waste and lower shipping costs overall.

When you see the "Green" symbol know that you are getting the highest quality product with the lowest environmental impact.

## VOC/OTC Compliant

When you see this symbol with a Technician's Choice product you can be assured you will be getting a product that is VOC/OTC Compliant. "VOC/OTC Compliant" means that the products meet the local, state or federal regulations for the product category. In short, VOC/OTC compliant products are better for the environment because they emit less ozone depleting organic compounds into the atmosphere. It is considered environmentally responsible to do so. For more information on VOC/OTC products for your state visit: www.envcap.org/statetools/srt/srt.html.

## Environmentally Friendly

Products that carry this hallmark have chemistry that is environmentally friendly and are the ideal alternative to the hazardous, toxic chemicals often used in demanding commercial and industrial applications. Products made from renewable resources that are biodegradable, chlorine free and phosphate free yet retain all of the power of their chemical counterparts. Custom formulas improve worker safety and have a less harmful effect on the environment.

## Body Shop Safe

Products that feature this symbol are those that contain no silicone and therefore are safe to use within the body shop area.

## Usage Symbols (PCW)

Our products are formulated for use in various types of wash applications. Use the legend below to help reference the symbol associated with each product. These symbols identify which specific wash application(s) are best suited for the respective products.

### T *Tunnel Wash*

Products that feature this symbol are formulated for use in tunnel wash applications.

### A *In-Bay Automatic, Rollover, Touchless & Friction Wash*

Products that feature this symbol are formulated for use with in-bay automatic, rollover, touchless and friction wash applications.

### S *Self-Service Car Wash*

Products that feature this symbol are formulated for use in self-service wash applications.

# BRAKE & PARTS CLEANER

CHLORINATED

## TEC99202

### Chlorinated Brake & Parts Cleaner

Dissolves & removes brake fluid, oil & grease from brake, clutch & electrical assemblies. Fast cleaning, fast evaporation.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99202 | 12 - 18 oz. cans/case | (105 cases/pallet) |

NON-CHLORINATED

## TEC99312

### Brake & Parts Cleaner

Blasts away grease & grime, helps remove brake fluid, grease, oily dirt & contaminants from linings, pads, drums, cylinders & springs. Evaporates quickly. Non-chlorinated.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99312 | 12 - 13.5 oz. cans/case | (147 cases/pallet) |

## TEC99315

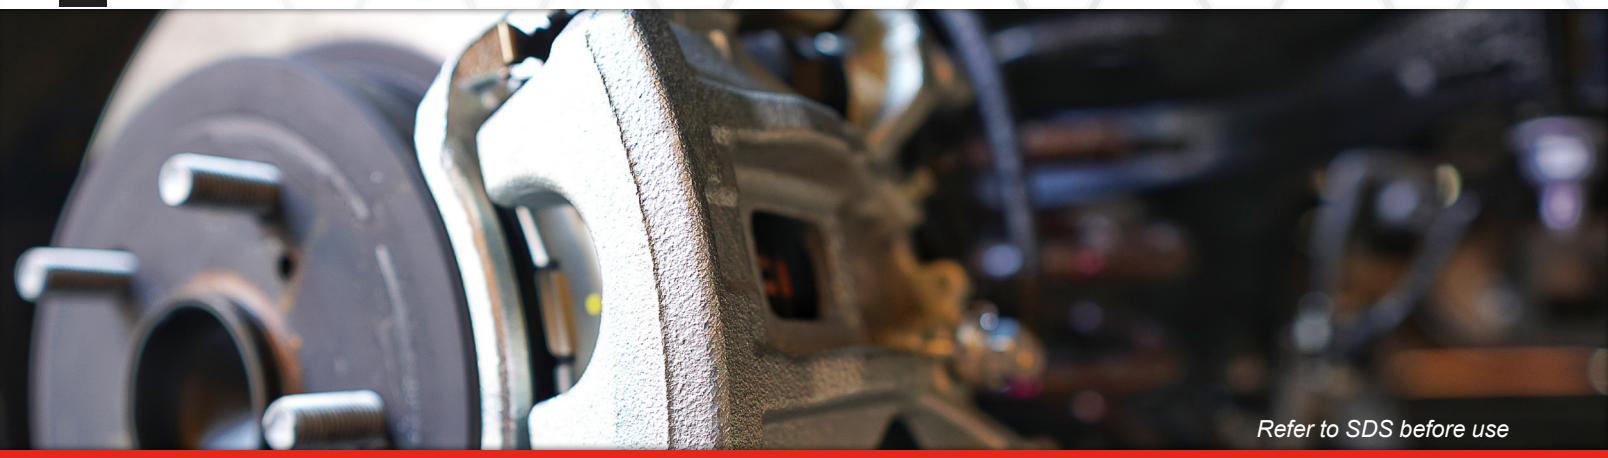
### VOC/OTC Compliant Brake & Parts Cleaner

A non-chlorinated brake cleaner that contains no CFC's, is VOC Compliant and ozone friendly. This concentrated solvent blend provides maximum performance without the use of ozone depleting chlorinated solvents.

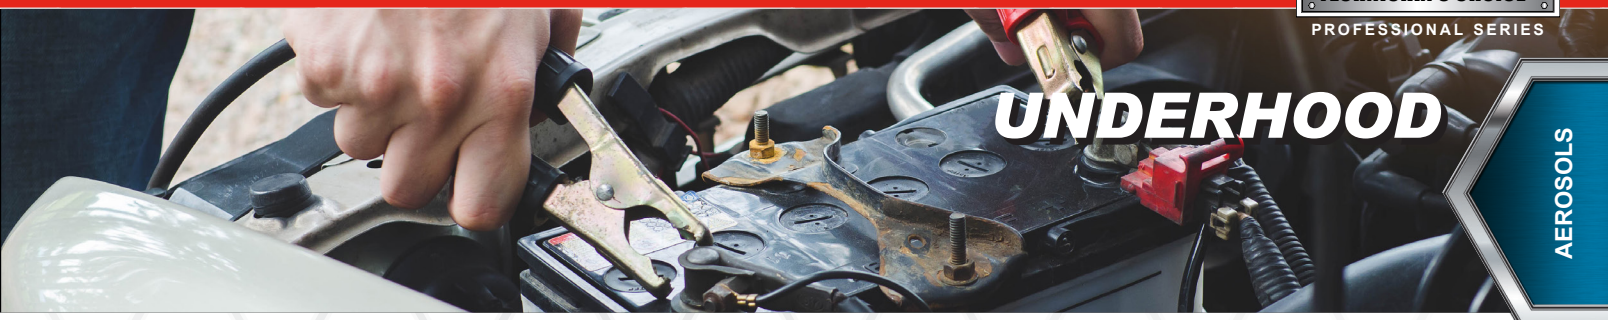
| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99315 | 12 - 13 oz. cans/case | (147 cases/pallet) |

## BULK
### Brake, Tool & Parts Cleaners

See pages 81-83



*Refer to SDS before use*



# UNDERHOOD

## TEC99201
### Carb & Choke Cleaner

Unique impingement & flushing action provides fast cleaning. Dissolves gum & varnish. Oxygen sensor safe.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99201 | 12 - 11 oz. cans/case | (147 cases/pallet) |

## TEC99206
### Premium Carb & Choke Cleaner

Quickly and effectively cleans carburetors & linkages without disassembling or brushing. Oxygen sensor safe.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99206 | 12 - 14 oz cans/case | (147 cases/pallet) |

## TEC99208
### Throttle Body & Air Intake Cleaner

Throttle body & air intake cleaner cleans gum and varnish from the throttle valves and throttle body. For use in fuel injected gasoline engines (both throttle body & multi-port). Use for easier starting and smoother engine performance.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99208 | 12 - 4.5 oz. cans/case | (147 cases/pallet) |

**TEC99208 is used as Step 2 in our**

**TEC318**

**See pages 80 for details!**

## TEC99407
### Foaming Engine Degreaser

Effective in removing dirt, soil and grease. Fast acting; rinses easily. Concentrated foaming action.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99407 | 12 - 16 oz. cans/case | (100 cases/pallet) |

## TEC99601
### Battery Cleaner

Removes dirt, grease & corrosive deposits that can accumulate on battery surface.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99601 | 12 - 11 oz. cans/case | (100 cases/pallet) |

## TEC99602
### Battery Corrosion Preventative

Prevents build up of deposits on terminals that could cause poor contact & reduce current flow.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99602 | 12 - 7.5 oz. cans/case | (100 cases/pallet) |

## TEC99603
### Mass Air Flow Sensor Cleaner

Helps restore fuel economy. It safely cleans mass air flow sensors without harming delicate equipment.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99603 | 12 - 13.5 oz. cans/case | (147 cases/pallet) |

*Always wear recommended safety equipment*

# DETAILING

## TEC99090

### Remove-All Adhesive Remover

Solvent-based. Removes adhesives, grease & tar. Removes undercoating overspray. Use on vinyl, upholstery & all hard surfaces.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99090 | 12 - 14.5 oz cans/case | (100 cases/pallet) |

## TEC99217

### Instant Shine 50 State Compliant

Fifty state compliant formula. Fast drying release agent & conditioning spray for vinyl, rubber, plastic, painted interior & exterior surfaces. High gloss protectant penetrates deep into surfaces. Fortified with silicone, just spray & walk away. Leaves a long lasting, waterproof shine.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99217 | 12 - 12 oz. cans/case | (100 cases/pallet) |

## TEC99217

### Instant Shine Classic

Fast drying release agent & conditioning spray for vinyl, rubber, plastic, painted interior & exterior surfaces. High gloss protectant penetrates deep into surfaces. Fortified with silicone, just spray & walk away. Leaves a long lasting, waterproof shine.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99217 | 12 - 12 oz. cans/case | (147 cases/pallet) |

## TEC99228

### Spray Wax

A quick method for adding a 'Showroom Shine' with very little effort. Wax your entire vehicle in minutes. Protection, water beading & shine that lasts for weeks. No buffing needed. Will not leave a powder or dust residue on your finish. Fruity fragrance.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99228 | 12 - 16 oz. cans/case | (100 cases/pallet) |

## TEC99307

### Premium Glass Cleaner

For glass surfaces. Ideal for plastics, counter tops & porcelain coated appliances. Ammonia free. Features a "Finger Pad" Actuator.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99307 | 12 - 20 oz. cans/case | (100 cases/pallet) |

## TEC99308

### Non-Ammoniated Glass Cleaner

Cleans & polishes. No streaking, free from ammonia & silicones. Cleans windshields, mirrors & more.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99308 | 12 - 19 oz. cans/case | (100 cases/pallet) |

## TEC99402

### Upholstery Foam

Fast acting foam lifts dirt & stains from velour & cloth upholstery without scrubbing. Inverted Fan Tip.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99402 | 12 - 12 oz. cans/case | (100 cases/pallet) |

## TEC99408

### Heavy Duty Stain Remover

Easily eliminates stains due to oil, tar, grease, mud, ink, coffee, urine, vomit, blood & more. Inverted Fan Tip.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99408 | 12 - 18 oz. cans/case | (100 cases/pallet) |

*Refer to SDS before use*

NTC NATIONAL TRAINING CENTER

## TEC99409

### Foaming Carpet & Upholstery Cleaner

Foaming action for deep cleansing, releases ground in dirt. Perfect for spot cleaning spills & spot pick up. Dries to a powder. Inverted Fan Tip.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99409 | 12 - 18 oz. cans/case | (100 cases/pallet) |

## TEC99410

### Work Horse

All purpose cleaner formulated to clean any washable surface fast!

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99410 | 12 - 19 oz. cans/case | (100 cases/pallet) |

## TEC99411

### Vinyl & Leather Cleaner & Conditioner

Conditions to protect & restore vinyl & leather. Removes stains, smudges & fingerprints. Restores gloss & maintains softness. Contains mink oil.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99411 | 12 - 15 oz. cans/case | (100 cases/pallet) |

## TEC99413

### Citrus Foam & Spotter

Fast & easy way to clean carpets & upholstery. Spray on & wipe off. Perfect for spot cleaning.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99413 | 12 - 19 oz. cans/case | (100 cases/pallet) |

*Always wear recommended safety equipment*

# FRAGRANCE BOMBS

## TEC99575

### New Car Aerosol Bomb

A unique product that neutralizes all types of malodors. Effectively eliminates odors caused by urine, feces, decay, rancidity, smoke, fire, tobacco, cooking odors & mildew. New Car scent. Fan Tip.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99575 | 12 - 5 oz. cans/case | (120 cases/pallet) |

## TEC99579

### Neutral Aerosol Bomb

A unique product that neutralizes all types of malodors. Effectively eliminates odors caused by urine, feces, decay, rancidity, smoke, fire, tobacco, cooking odors & mildew. Neutral scent. Fan Tip.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99579 | 12 - 5 oz. cans/case | (120 cases/pallet) |

## TEC99576

### Red Hot Aerosol Bomb

A unique product that neutralizes all types of malodors. Effectively eliminates odors caused by urine, feces, decay, rancidity, smoke, fire, tobacco, cooking odors & mildew. Red Hot scent. Fan Tip.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99576 | 12 - 5 oz. cans/case | (120 cases/pallet) |

## TEC99577

### Berry Aerosol Bomb

A unique product that neutralizes all types of malodors. Effectively eliminates odors caused by urine, feces, decay, rancidity, smoke, fire, tobacco, cooking odors & mildew. Berry scent. Fan Tip.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99577 | 12 - 5 oz. cans/case | (120 cases/pallet) |

## TEC99578

### Lemon Lime Aerosol Bomb

A unique product that neutralizes all types of malodors. Effectively eliminates odors caused by urine, feces, decay, rancidity, smoke, fire, tobacco, cooking odors & mildew. Lemon Lime scent. Fan Tip.

| TEC99578 | 12 - 5 oz. cans/case | (120 cases/pallet) |

*Refer to SDS before use*

# LUBRICANTS & PROTECTANTS

## TEC99200
### Silicone Lube

Waterproof lubricant that eliminates squeaks, insulates, prevents freezing & prolongs battery life.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99200 | 12 - 10 oz. cans/case | (147 cases/pallet) |

## TEC99203
### Penetrant Lubricant

Penetrates & lubricates, stops rust, corrosion & squeaks. Will not harm rubber, plastics or paints.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99203 | 12 - 11 oz. cans/case | (147 cases/pallet) |

## TEC99204
### White Lithium Grease

Features high levels of lubricity, corrosion protection, water, heat & cold resistance.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99204 1 | 2 - 14 oz. cans/case | (147 cases/pallet) |

## TEC99225
### Blasting Penetrant

This aerosol is an easy, quick solution to loosening & removing rusted bolts, nuts & screws as well as aiding in the prevention of future corrosion. Can also be used as a lubricant in locks, hinges & various other moving parts. This product will not evaporate & works even if parts are wet as it will displace any moisture.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99225 | 12 - 14 oz. cans/case | (100 cases/pallet) |

*Always wear recommended safety equipment*

## TEC99305
### Invisalube

Premium, clear grease fortified with PTFE to resist water, heat & corrosion.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99305 | 12 - 11 oz. cans/case | (95 cases/pallet) |

## TEC99412
### Premium White Lithium Grease

All weather, all purpose. Protects against corrosion & friction. Automotive, marine, home & farm use. Works well in high & low temperatures.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99412 | 12 - 12 oz. cans/case | (140 cases/pallet) |

## TEC99416
### Dry Lube

This lubricant is designed to stop squeaks, sticking & binding. Does not freeze. Made with a blend of silicones & has fast evaporating, non-chlorinated solvents.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99416 | 12 - 13 oz. cans/case | (100 cases/pallet) |

# SPRAY PAINTS & DYES

## AEROSOL Spray Paint - All Colors (below)

| Available Size(s): | Pallet Count |
|---|---|
| 12 - 12 oz. cans/case | (100 cases/pallet) |

Spray paint formulated to meet the rigorous demands of most automotive & maintenance needs. These aerosol paints provide quick drying time; excellent coverage; high impact, slip and UV fade resistance.

# SPECIALTY PRODUCTS

## TEC99175

### Headlight Coating

A clear, non-UV cured aerosol coating designed to protect the headlight after the appearance has been improved. Exhibits excellent adhesion, durability and UV resistance while helping to improve the functionality of the restored headlight. Easy to use; two-three coats recommended. One can treats up to 12 vehicles.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99175 | 12 - 10 oz. cans/case | (100 cases/pallet) |

## TEC99211

### Premium Rubberized Undercoating

Protects against corrosion, deadens sound. Improves flexibility for extreme heat & cold. Dries quickly. Paintable.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99211 | 12 - 16 oz. cans/case | (147 cases/pallet) |

## TEC99215

### Rubber Treatment

Protects rubber from drying & becoming brittle. Also ideal for lifting polish marks from trim. Non-silicone.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99215 | 12 - 10.5 oz. cans/case | (100 cases/pallet) |

## TEC99401

### Trim Adhesive

Bonds many automotive materials including carpeting, light-weight headliners, plastics, rubber, etc. Features an Adjustable Actuator.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99401 | 12 - 16.25 oz. cans/case | (64 cases/pallet) |

## TEC99415

### Chewing Gum Remover

Freezes gum, wax & latex paint for easy removal. Use on carpets, upholstery, wood, vinyl, paint, cloth, plastic & most other surfaces.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99415 | 12 - 5.5 oz. cans/case | (100 cases/pallet) |

## TEC99418

### Furniture Polish

For light or dark furniture, ceramic & plastic tile, leather articles, chrome, stainless steel, porcelain, brass, marble, vinyl & enameled surfaces. Leaves a dust free finish.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99418 | 12 - 19 oz. cans/case | (100 cases/pallet) |

## TEC99419

### Foaming Disinfectant Cleaner

The easy way to clean and deodorize. Formulated to act like a disinfectant. Spray, then wipe clean. Anti-bacterial formula great for nursery, home, hospitals and sick rooms.

| Item | Available Size(s) | Pallet Count |
|---|---|---|
| TEC99419 | 12 - 19 oz. cans/case | (100 cases/pallet) |

## TEC99422

# Specialty Solvents & Cleaners

## TEC137

### 99.9% Isopropyl Alcohol Wipes

Presaturated 5" x 6" wipe. Zero residue, Water free, 99.9% pure anhydrous.

*Available Size(s)*

TEC137CS 500/case

## TEC701

### 70% Isopropyl Alcohol Solution

70% alcohol solution with a variety of industrial and household uses.

*Available Size(s)*

TEC70102CS (12) 2 oz./case
TEC70120CS (6) 20 oz./case
TEC70132CS (6) 32 oz./case
TEC70104 (4) 1 gal./case
TEC70105 5 gal./HP

## TEC243

### Anti-Scaler

*Available Size(s)*

TEC24304 (4) 1 gal./case

TEC243 Anti - Scaler is our new "clean-up" product. It is a combination of detergents and surfactants that break down scaling in extractors. Scaling is caused by hard water and calcium. This product will break down even the toughest calcium build ups in tanks, heat coils and other extractor parts. Pour TEC243 in the tank, let it set and circulate through the system, flush and dispose of. TEC243 is designed to fix the toughest problem. Don't forget to pair with TEC231 Carpet Extractor Shampoo (pg. 34) with Anti-Scaler for your maintained extractors. Biodegradable.

## TEC246

### 3 in 1 Surface Clarifier™

*Available Size(s)*

TEC24604 (4) 1 gal./case
TEC24605 5 gal./HP
TEC24655 55 gal./drum

3 in 1 Surface Clarifier™ is the next evolution in total vehicle decontamination and is safe for use on all of the vehicle's exterior. TEC246 can be used as a spot treatment or for whole vehicle decontamination. 3 in 1 Surface Clarifier™ utilizes effective chemistry but is 100% Acid/VOC free. This acid alternative product is also non-corrosive, non-fuming, non D.O.T. regulated, 100% biodegradable, has hardly any odor and safely dilutes with water. Surface contaminates are quickly removed from the surface with little to no agitation required.

## TEC305

### Clean Screen - Electronic Screen Cleaner

*Available Size(s)*

TEC30502CS (12) 2 oz./case
TEC30516CS (6) 16 oz./case

For Automotive, Home & Office. TEC305 is a unique, high quality, water based cleaner with an anti-static for all navigation systems, touch screens, monitors, notebooks/laptops, televisions, camcorders, PDAs, scanners, and copy machines. Works to remove dirt, dust, fingerprints, nicotine & haze deposits.

## TEC388

### Fallout Wash Gel

Special Order Item

*Available Size(s)*

TEC38804 (4) 1 gal./case
TEC38805 5 gal./HP
TEC38815 15 gal./keg
TEC38855 55 gal./drum

Designed to take off all airborne contaminants and/or rail dust from the vehicle. Performs great in hard water with a gel-like cling that results in impressive contact time with surfaces.

*Refer to SDS before use*

## TEC529
### Bug A Boo

CONCENTRATE. Quickly removes bug spatter from bumpers, hoods, roofs, painted, plastic & chrome surfaces. Excellent hard water stability. Phosphate free. Safe for most paint and plastic. Biodegradable. Dilute up to 1:2. Berry fragrance.

*Available Size(s)*

TEC52904 (4) 1 gal./case
TEC52905 5 gal./HP
TEC52915 15 gal./keg
TEC52955 55 gal./drum

## TEC702
### Sapper Tree Sap Remover

Removes tree sap from painted surfaces, plastic, rubber, glass, molding. Penetrates & softens. Easily wipes away. Excellent hard water stability. Non-toxic. Pine fragrance.

*Available Size(s)*

TEC70232 (6) 32 oz./case
TEC70204 (4) 1 gal./case

## TEC489
### Powdered Laundry Soap

CONCENTRATE. Controlled suds, all-purpose cleaner designed to clean institutional & light industrial laundry applications. For use in hot or cold water. Economical. Dilute up to 1/2 cup per standard load. Lemon-lime fragrance.

*Available Size(s)*

TEC48950 50 lb. drum

## TEC491
### Powdered Laundry Detergent

CONCENTRATE. Fully dispersible powder with a powerful blend of builder, alkalis, surfactants & brighteners. Great for towels. Dilute up to 1/2 cup per standard load. Lemon fragrance.

*Available Size(s)*

TEC49135 35 lb. drum
TEC49150 50 lb. drum
TEC491100 100 lb. drum

## TEC496
### Oxy-Bright

CONCENTRATE. Non-chlorinated, oxygenated bleach developed to remove all types of stains & odors from all types of surfaces. Great laundry booster that will improve the brightness & whitening of fabrics. Dilute 4 oz. per standard load. Citrus fragrance.

*Available Size(s)*

# Solvent Based Non-Silicone & Silicone

NON-SILICONE

FLAMMABLE

## TEC414
### Reflections

A blend of high molecular weight surfactant polymers designed to give excellent gloss & detergent resistance on rubber & vinyl surfaces. Fast drying properties and also may be used as a rubber-vinyl dressing where silicone tire dressings can not be tolerated. Flammable. Vanilla fragrance.

*Available Size(s)*

TEC41404 (4) 1 gal./case
TEC41405 5 gal./HP
TEC41453 53 gal./drum

## TEC452
### Progressive™ Solvent-Based Dressing

Progressive™ dressings replace traditional silicone oils with a synthetic, polymeric hybrid raw material. The new raw material was specifically tailored for automotive rubber application. The product has superior high temperature stability, excellent lubricity, and can be applied across a wide range of temperatures.

Progressive™ dressings are a cost-effective solution for the volatile silicone market, while maintaining original (silicone) type product performance characteristics. The high viscosity synthetic complex is bio-based, which makes it both environmentally friendly and biodegradable. Repeated use will help to nourish porous rubber and extend the look life of the surface.

*Available Size(s)*

TEC45205 5 gal./HP

## TEC453V
### Progressive™ Solvent-Based Dressing - Low VOC

# Tornador® | Foam-A-Nator

TORNADOR® PROFESSIONAL CLEANING TOOLS

... the fastest and easiest way to clean all automotive surfaces.

## TORNADORMAX®

OFTEN IMITATED... NEVER DUPLICATED!

### Z-030

### TornadorMAX® Cleaning Tool

*Available Size(s)*

Z-030 Each

Tornador® has completely changed the professional detailing industry with the new the TornadorMAX®! You will see all the benefits of the Z-020 Tornador® Black with newly engineered and upgraded features. The rotate set is now equipped with a patented spring technology, which increases the torque and intensifies the cleaning power. Thanks to the spring technology the cleaning time is reduced and efficiency is greatly increased. The newly designed ergonomic handle and trigger of the TornadorMAX® provides users more control and comfort. This progressive design allows for individual customization through easily replaceable color handles and trigger grips. The TornadorMAX® also has a built-in air regulator allowing for precise control of the air pressure along with adding a swivel air inlet for flexibility. An Anti-Slip mat on the jar will allow the TornadorMAX® to stand flat even when connected to an air hose which results in minimized spills and falls. Finally, the TornadorMAX® comes with a LED tactical light to illuminate dark areas without having to incorporate bulky lights. The TornadorMAX® is the newest in the family of must have detailing tools!

LIMITED WARRANTY*

### TEC1221

### Tornador® Cleaning Tool

*Available Size(s)*

TEC1221 Each

Tornador® Car Cleaning Tools are the fastest and easiest way to clean all automotive surfaces. TEC1221 uses a concentrated blast of solution to remove dirt from crevices. Effortlessly cleans the interior & exterior of your vehicle. The Tornador® works with your air compressor to create a tornado-like cyclone of cleaning power that blasts solution into crevices and areas you cannot reach by hand. Clean carpet, plastics, & upholstery inside the car. Clean wheels, convertible tops & body seams on the exterior. The cone-shaped nozzle and oscillating tip create a unique tornado-like cleaning action that deep cleans hard and soft surfaces like nothing you've never seen before. Releases a fine mist of cleaning solution that does not over saturate surfaces. Using a highly diluted neutral pH cleaner or water, dirt and grime are immediately released.

Must be used with an air compressor capable of producing a constant air pressure of at least 60 psi. Do not to exceed 110 psi in order to protect your Tornador from unnecessary wear.

LIMITED WARRANTY*

### TEC1233

### Tornador® Black - Cleaning Tool

*Available Size(s)*

TEC1233 Each

TEC1233 has newly developed rotational technology inside the funnel to provide faster, more powerful cleaning. Professional detailers will love the speed and effectiveness of the TEC1233 Tornador® Black. The new design of the tool reduces wear and ensures a longer life and superior perfomance. The TEC1233 is less noisy, too. The engineers increased power but reduced air consumption and noise. Plus, the Tornador® Black is equipped with sealed ball bearings inside the rotation set. Wear is minimized because the rotation set no longer comes into contact with the cone. This improvement makes the TEC1233 better suited for long term, frequent use, as in a professional detailing capacity.

LIMITED WARRANTY*

### TEC1235

### Tornador® Blow Gun

*Available Size(s)*

TEC1235 Each

Multi-purpose tool that will reduce detailing time. Designed to blow dust and debris out of hard to reach areas; blow water out of jambs and seams. Ideal for interior, exterior and engine areas. The strong, tornado-like funnel of air blasts out dirt and dust quickly and easily. It has the same cone shape as the Tornador® Classic Tool. The cone channels air into a powerful tornado-like motion that quickly lifts dirt and moisture from any surface. The cone covers a larger area than a conventional blow nozzle, yet it is still targeted enough to concentrate tremendous air power right where your vehicle needs it.

Must be used with an air compressor capable of operating between 60 and 90 psi.

LIMITED WARRANTY*

**COLOR CODED KEY FOR TOOL USE:**

TornadorMAX® | Tornador® Classic | Tornador® Black | Foam-A-Nator | Tornador® Velocity Vac | Tornador® Dry Vac | Tornador® Blow Gun

## TEC1236

### Tornador® Velocity Vac

Available Size(s)

TEC1236 Each

One of the latest addition to the Tornador® attachments that we carry. You now have the outstanding cleaning power of a Tornador® with the addition of a powerful wet/dry vacuum. TEC1236 easily attaches to the TEC1233 Tornador® Black Cleaning Gun and a wet/dry vacuum, turning it into a quick, easy-to-use wet/dry vac that will help detailers optimize the time that they spend on the interiors of each car. This new technology combination will make cleaning fabric and carpets quicker and easier than ever. Vacuuming, cleaning & air drying all in one device means time & cost savings for everyone.

*IMPORTANT NOTE* -- The TEC1236 Tornador® Velocity-Vac is ONLY compatible with the TEC1233 Tornador® Black Cleaning Gun.

Don't forget to order our Technician's Choice chemicals that pair perfectly with the Tornador®! TEC391 Do All Enzyme Cleaner, TEC392 HD Enzyme Spot & Stain Remover & TEC393 Enzyme Deodorizer.

LIMITED WARRANTY*

## TEC1237

### Tornador® Dry Vac

Available Size(s)

TEC1237 Each

Our latest addition to the Tornador® tools that we carry. The TEC1237 takes your vacuuming to a whole new level. The patented Tornador® ball-bearing rotation quickly lifts dirt and grime from carpet fibers that other vacuums leave behind. The unique shape and technology of the vacuum hood also adds additional suction power to your vacuum. The Velocity Vac Dry easily attaches to an air source and a wet/dry vacuum. This new technology combination will streamline your automotive detailing and reconditioning challenges. It's ideal for use in quick Wash and Vac detailing situations in Car Washes, Body Shops, New Car Get-Ready and other quick detailing jobs.

LIMITED WARRANTY*

## TEC1240

### Foam-A-Nator™

Available Size(s)

TEC1240 Each

Turn your favorite multi-purpose cleaner or car wash shampoo into a super thick, long-lasting foam. This air-driven foam gun works with your air compressor to produce frothy, rich foam that has amazing cling. Ideal for laying foam that coats and clings to large surfaces. The Foam-A-Nator™ can be used for interior or exterior detailing. Use it with a carpet cleaner or with car wash shampoo to spray a snow storm of foam. The unique barrel on the gun mixes the cleaning fluid and pressurized air to create a blizzard of foam. You'll be amazed! The amount of foam is regulated by a pressure valve on the gun. Use as little foam as you need. Reduce cleaning time with the Foam-A-Nator™. Uses less cleaning fluid and less water consumption than conventional washing. You also have the choice of two diffuser tips for both wide and narrow applications.

LIMITED WARRANTY*

## S-100C

### Tornador® S-100C Cordless HVLP Spray Gun

Available Size(s)

S-100C Each

Tornador® S-100C is designed for the professional detailer and home enthusiast looking to disinfect, sanitize, deodorize, and/or clean any vehicle, without having to worry about cords.

The S-100C uses High-Volume, Low-Pressure (HVLP) technology to evenly disperse the flow of any liquid with less risk of overspray. The S-100C can also handle viscous products like water-based dressings to make applying dressings easy no matter on the interior or exterior surfaces. Do detail work in less time with the 3 selectable spray patterns: vertical, round, and horizontal. The S-100C is ready to handle whatever the job entails!

**Rated power:** 120W. **Rated voltage:** 18V (MAX 20V). **Rated speed:** 30000 RPM. **Air flow:** 160 L/Min. **Liquid flow:** 100-200ml/min. **Weight:** 1.6kg. **Battery capacity:** 2000mAh. **Spraying distance:** 200-250mm. **Width:** 200-300mm. **Viscosity:** 8-12 s. **Material pot capacity:** 800ml Comes with 18v/2.0 Ah Li-Ion Rechargeable Battery. Charger. 800mL Container. Funnel. Pin. User's Manual.

**Warranty:** 1 year internal parts, not wearable parts. 90 days for battery.

## S-100BATTERY

### Tornador® S-100C 18V Battery

Available Size(s)

S-100BATTERY Each

Replacement 18v/2.0 Ah Li-Ion Rechargeable Battery for the Tornador® S-100C Cordless HVLP Spray Gun.

**Rated voltage:** 18V (MAX 20V). **Battery capacity:** 2000mAh.

**Warranty:** 90 days for battery.

***90 day limited warranty against manufacturing & parts defects.***

(Warranty will be voided if it is used for anything other than the intended use of the Tornador® Cleaning Tool. Use of any products, other than approved Tornador® or Technician's Choice® products with the Tornador® Cleaning tool voids warranty.)

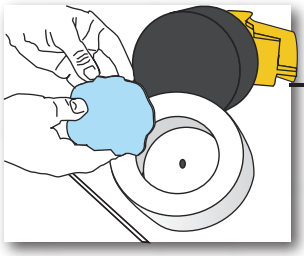
# Correct-It Clay System

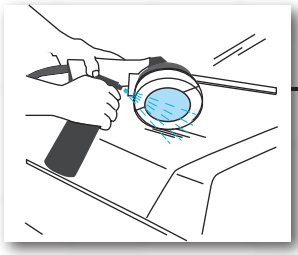
## Using the System

Technician's Choice® Correct-It-Clay pad quickly and efficiently removes surface contaminants on new and pre-driven vehicles producing a dynamic new car, showroom shine! Eliminates rail dust and minor paint overspray. Cleans away bugs, road tar and much more. Removes buffing throw off.



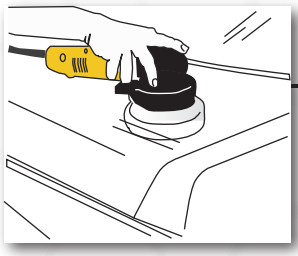
### STEP 1

For proper pad, see item TEC1070. Pad cavity should be clean and dry. Press Technician's Choice® clay bar into a flat, oval shape and press firmly into pad cavity.



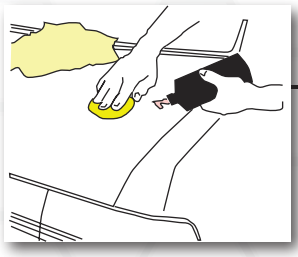
### STEP 2

Spray apply TEC506 Correct-It Liquid or TEC510 Correct-It Detailer to approximately a 3' x 3' area on the surface of the vehicle. The surface must be clean and cool.



### STEP 3

Now "clay" the surface using a recommended polisher (see page 60) operating at 750 to 1500 random orbits per minute. Depending on surface condition, use light to heavy pressure.



### STEP 4

Once you have completed the clay process and you have wiped clean the vehicle's surface, you can complete the process if you desire with your favorite Technician's Choice® polish, wax or sealant.

### TEC1070
**Correct-It Clay Pad**

Designed to hold 180 or 200 gram brick. Velcro® backed to work with all random orbital polishers. Cuts labor time in half!

*Available Size(s)*

TEC1070 12 pads/case

### TEC507
**Light Gray Correct-It Clay**

Our deluxe fine surface clay bar that safely eliminates rail dust & minor paint overspray on all automotive paint finishes. For best results, use with TEC506 or TEC510. 200 gram brick.

*Available Size(s)*

Each

### TEC160
**Clay - Gray (Fine Grade)**

A fine grade surface clay bar that safely eliminates rail dust & minor paint overspray on all automotive paint finishes. For best results, use with TEC506 or TEC510. 200 gram brick.

*Available Size(s)*

Each

### TEC511
**Purple Gray Correct-It Clay**

Our deluxe medium surface clay bar that safely eliminates rail dust & minor paint overspray on all automotive paint finishes. For best results, use with TEC506 or TEC510. 200 gram brick.

*Available Size(s)*

Each

### TEC170
**Clay - Red (Medium Grade)**

A medium grade surface clay bar that safely eliminates rail dust & minor paint overspray on all automotive paint finishes. For best results, use with TEC506 or TEC510. 200 gram brick.

*Available Size(s)*

Each

### TEC512
**Plastic Box for Clay System**

Ideal for clay storage. Reuseable & keeps clay fresh.

*Available Size(s)*

Each

*Refer to SDS before use*

## TEC2750
### Medium Grade Clay Mitt

A revolutionary alternative to the clay bar. Features an 8.3" x 6" microfiber mitt with an advanced polymer rubber layer bonded to one side. Just wet the vehicle paint and you can remove all surface embedded contamination faster and more effectively than a clay bar. Can be rinsed and reused numerous times.

*Available Size(s)*
Each

## TEC2760
### Medium Grade Clay Towel

Revolutionary alternative to the clay bar. 12x12" microfiber towel with an advanced polymer rubber layer bonded to one side. Fold the towel into a pad and wet the vehicle to remove all embedded surface contamination. Can be rinsed and reused many times.

*Available Size(s)*
Each

## TEC2770
### Fine Grade Clay Mitt

Revolutionary alternative to the clay bar. 8.3x6" microfiber mitt with an advanced polymer rubber layer bonded to one side. Wet the vehicle and use this to remove all embedded surface contamination. Can be rinsed and reused many times.

*Available Size(s)*
Each

## TEC2780
### Fine Grade Clay Towel

Revolutionary alternative to the clay bar. 12x12" microfiber towel with an advanced polymer rubber layer bonded to one side. Fold the towel into a pad and wet the vehicle to remove all embedded surface contamination. Can be rinsed and reused many times.

*Available Size(s)*
Each

## TEC25
### Anti-Static Cleaner/Polish

Easy to use, safe, anti-static formulation to remove finger marks. Use as a clay lubricant. Cleans & polishes paint, glass, chrome, rubber & plastic. Fresh fragrance.

*Available Size(s)*

| | |
|---|---|
| TEC2516CS | (6) 16 oz./case |
| TEC2504 | (4) 1 gal./case |
| TEC2505 | 5 gal./HP |
| TEC2555 | 55 gal./drum |

## TEC506
### Correct-It Liquid

Contains no silicone, wax or hazardous ingredients. Use as a clay lubricant. Works great on all painted surfaces. Grape fragrance.

*Available Size(s)*

| | |
|---|---|
| TEC50616CS | (6) 16 oz./case |
| TEC50604 | (4) 1 gal./case |
| TEC50605 | 5 gal./HP |
| TEC50655 | 55 gal./drum |

## TEC509
### Correct-It Liquid PLUS

Dual function product that can be used in both traditional detailing and the body shop environment. As a detail spray, works well on all exterior surfaces, including paint, glass, chrome, plastic trim and vinyl graphics. Leaves treated surfaces with a slick finish, does not streak, and will not stain trim. The perfect solution for a quick clean up on a slightly dusty vehicle or as a drying aid after washing a vehicle. Can also be used as a premium clay bar lubricant - leaving the surface with a slick feeling. Specially engineered to leave a slick finish, but still be body shop safe.

*Available Size(s)*

| | |
|---|---|
| TEC50932CS | (6) 32 oz./case |
| TEC50904 | (4) 1 gal./case |
| TEC50905 | 5 gal./HP |
| TEC50955 | 55 gal./drum |

## TEC510
### Correct-It Detailer

Water-based, silicone detailer producing a dynamic showroom shine. Removes buffing throw-off. Excellent clay lubricant that works on chrome, glass & dark vehicles without streaking. Developed as a spray on, wipe off formula. Peach fragrance.

*Available Size(s)*

| | |
|---|---|
| TEC51016CS | (6) 16 oz./case |
| TEC51004 | (4) 1 gal./case |
| TEC51005 | 5 gal./HP |

# PAINT CORRECTION

XPC3®
XTREME PAINT CORRECTION SYSTEM

## TEC545

### XPC3® Step 1 Level

Step 1 Level contains solvent cleaners & micro abrasives highly effective & safe in the correction of glamour color & waterbourne paint. Works with both low impact & high impact polishers. When using the XPC3® system, Level can remove up to 1500 sandpaper marks even on the softest of glamour colors. To be used with TEC1545 Step 1 Level Pad (pg. 94).

*Available Size(s)*

| | |
|---|---|
| TEC54516CS | (6)16 oz./case |
| TEC54504 | (4) 1 gal./case |

## TEC546

### XPC3® Step 2 Polish

Step 2 Polish restores color depth to the paint finish safely with no swirls. Removes compound marks with an easy on / easy off process that generates no dust. Safe for all paint finishes when used with the TEC1546 Step 2 Polish Pad (pg. 94).

*Available Size(s)*

| | |
|---|---|
| TEC54616CS | (6)16 oz./case |
| TEC54604 | (4) 1 gal./case |

## TEC547

### XPC3® Step 3 Glamour

Step 3 Glamour is a silicone fortified, easy on / easy off, non-abrasive, wax free, durable type paint sealant. Contains detergent resistant, amino functional, cross-linking silicone resins to enhance the gloss & color depth of the paint surface. Offers a durable virtually dust-free coating that lasts for up to 12 months. To be used with TEC1547 Step 3 Glamour Pad (pg. 94). Grape fragrance.

*Available Size(s)*

| | |
|---|---|
| TEC54716CS | (6)16 oz./case |
| TEC54704 | (4) 1 gal./case |

## TEC547BS

### XPC3® Step 3 Glamour - Body Shop Safe

Step 3 Glamour - Body Shop Safe is a non-silicone, oil based finishing step designed to increase color depth & gloss of all painted surfaces. Offers moderate protection with a virtually dust-free finish. To be used with TEC1547 Glamour Pad (pg. 94). Cookie dough fragrance.

*Available Size(s)*

| | |
|---|---|
| TEC547BS16CS | (6)16 oz./case |
| TEC547BS04 | (4) 1 gal./case |

## TEC548

### XPC3® 1000 - Heavy Duty Leveling Compound

XPC3® 1000 will level and polish. Easy to use. It removes heavy imperfections. TEC548 is a blend of high quality dimensioning abrasives and VOC compliant solvents that will allow enough working time to remove 1000 grit scratches from any painted surface, old or new. When used as directed, it will leave the surface leveled, clean and ready for the next step.

*Available Size(s)*

| | |
|---|---|
| TEC54816CS | (6) 16 oz./case |
| TEC54804 | (4) 1 gal./case |

*Refer to SDS before use*

## TEC549

### XPC3® 1500 - Medium Leveling Compound

XPC3® 1500 will level and polish. Easy to use. It removes medium imperfections. TEC549 is a blend of high quality dimensioning abrasives and VOC compliant solvents that will allow enough working time to remove 1500 grit scratches from any painted surface, old or new. When used as directed, it will leave the surface leveled, clean and ready for the next step.

*Available Size(s)*

TEC54916CS (6) 16 oz./case
TEC54904 (4) 1 gal./case

## TEC550

### XPC3® 2000 - Light Leveling Compound

XPC3® 2000 will level and polish. Easy to use. It removes light imperfections. TEC550 is a blend of high quality dimensioning abrasives and VOC compliant solvents that will allow enough working time to remove 2000 grit scratches from any painted surface, old or new. When used as directed, it will leave the surface leveled, clean and ready for the next step.

*Available Size(s)*

TEC55016CS (6) 16 oz./case
TEC55004 (4) 1 gal./case

## TEC551

### XPC3® Big Finish - Micro Polish/Swirl Remover

XPC3® Big Finish is designed to work as the final step over all leveling / compound products. Easy to use. TEC551 is a blend of high quality fine abrasives, VOC compliant solvents and oils that allow enough working time to remove micro imperfections from any painted surface, old or new. When used as directed, it will leave the surface clean and glossy. Contains UV absorbers.

*Available Size(s)*

TEC55116CS (6) 16 oz./case
TEC55104 (4) 1 gal./case

## TEC552

### XPC3® Start to Finish - One Step Compound

XPC3® Start to Finish is the complete one step pre-owned vehicle correction / protection product. It cleans, polishes and waxes in one step. Easy to use. TEC552 is a blend of high quality dimensioning abrasives, VOC compliant solvents and carnauba wax that allow enough working time to remove oxidation and micro imperfections from any painted surface, old or new. When used as directed, it will leave the surface leveled, clean, glossy and waxed.

*Available Size(s)*

TEC55216CS (6) 16 oz./case
TEC55204 (4) 1 gal./case

*Refer to SDS before use*

# XPC3® XTREME PAINT CORRECTION SYSTEM CERAMIC

## TEC580
### XPC3® Ceramic Coating

*Available Size(s)*

TEC580CS (12) 2 oz./case

TEC580 Ceramic Coating is the purest form of surface protection you can apply to your vehicle. Coatings form chemical bonds to the applied substrate, which become both chemically and wear resistant. These chemical bonds are hard to break once cured and give outstanding performance characteristics. The liquid ceramic coating will provide years of protection against all types of environmental attacks. The ceramic resin acts like an additional layer of clear coat which gives increased depth of gloss and enhanced color. Ceramic coating creates an almost non-stick layer on automotive paint surfaces which reduces the adhesion of dirt, grime and bugs. The cured ceramic coating is extremely hydrophobic, chemical & scratch resistant.

*Apply to automotive OEM finishes.*

## TEC581
### XPC3® Ceramic One Step Polish

*Available Size(s)*

TEC581CS (6) 16 oz./case
TEC58104 (4) 1 gal./case

TEC581 Ceramic Polish is the first polish to contain ceramic surface material. The polish can be used as a standalone or as an excellent choice for preparing any vehicle's surface for TEC580 or TEC582 application. Ceramic polish contains fine milled polishing agents to give a consistent cut throughout the buffing cycle, while ceramic material is deposited into the pores of the clear coat. This is perfect for light cutting of new & used vehicles. The ceramic material deposited acts as a base layer for additional ceramic application, either liquid or spray. The base layer works synergistically with either the liquid or spray, so there is no need to have an additional prep step prior to additional ceramic application.

*Use with TEC3040 Lambswool Pad (pg. 92) and/or TEC1547 Microfiber Pad (pg. 94), or for best results use TEC1548/TEC1549 Euro Microfiber Pad (pg. 94). For easier removal, and best results, use a few sprays of TEC582 Ceramic Detail Spray and a TEC1547 Microfiber Pad.*

## TEC582
### XPC3® Ceramic Detail Spray

*Available Size(s)*

TEC582CS (6) 16 oz./case
TEC58204 (4) 1 gal./case
TEC58205 5 gal./HP

TEC582 Ceramic Detail Spray is one of the easiest ways to get ceramic protection. The product can be used as a standalone, with the Ceramic One Step Polish to aid in removal, or as a Ceramic Coating booster. TEC582 delivers exceptional gloss and slickness to the treated surfaces, along with unparalleled surface protection this can also be used over & over making it a must for express detailing. The product can be used on both wet and dry vehicles. The formula is highly substantive so only a few sprays per panel is needed for adequate coverage. The versatile product can be used on all exterior surfaces, including glass, plastic trim, chrome, moldings, and wheels.

*Use with some of our excellent microfiber towels (TEC1206, TEC1207, TEC1208 - see page 107).*

## TEC583
### XPC3® Ceramic Wheel Protector

*Available Size(s)*

TEC58332CS (6) 32 oz./case
TEC58304 (4) 1 gal./case
TEC58305 5 gal./HP

TEC583 Ceramic Wheel Protector is the easiest way to get ceramic surface protection for both OEM and aftermarket wheels. The product once sprayed onto the wheel instantly begins to bond to the surface giving maximum protection and gloss. The treated surface will resist road dirt, grime, and brake dust and make future cleanings easier. The protection is seen with the tight water beading and the wheel will have more luster. The protection will last up to 3 months under normal driving conditions. Easy spray on and rinse off formula.

*Prepare wheel surfaces with one of our Technician's Choice tire & wheel cleaners (see pages 42-43).*

*Always wear recommended safety equipment*

# G-MAX® GRAPHENE

## TEC584

### G-MAX® Graphene Detail Spray

*Available Size(s)*

TEC584CS (6) 16 oz./case
TEC58404 (4) 1 gal./case

G-MAX® Graphene Detail Spray features ceramic and graphene infusion to provide superior gloss and protection. TEC584 is the latest in exterior car care. The product takes the ease of use of a detail spray and turns the performance up to 11. Surface slickness is off the charts. Water beading is unstoppable. Gloss is eye piercing. Protection is the max.

G-MAX® Graphene Detail Spray is a versatile product which can be used on all of today's modern vehicle surfaces. The spray and wipe product is effortless and gives whole vehicle protection within minutes. Using G-MAX® on your vehicle provides whole vehicle protection for up to 6 months with one application. Maintain that protection by reapplying G-MAX® every 6 months. Repeated use of the product builds layers of protection and only enhances the overall look and protective qualities.

## TEC585

### G-MAX® Graphene Coating

*Available Size(s)*

TEC585CS (12) 2 oz./case

G-MAX® Graphene Coating is the latest evolution in exterior car care. The product takes protection and turns the performance up to 11. Surface slickness is off the charts. Water beading is unstoppable. Gloss is eye piercing. Protection is the max.

TEC585 is a professional only graphene ceramic coating, developed to meet the latest standards in car care, while maintaining an easy to use format. There is no need for extended dry times or the use of IR lights. The graphene ceramic coating easily glides over all exterior surfaces, has a long dwell/work time, wipes off effortlessly, and does not streak. Treated surfaces will appear as if they are freshly painted and will look miles deep.

G-MAX® Graphene Coating is a dual function molecule which chemically bonds to the clear coat of the vehicle. The formula uses world leading pure silica, combined with graphene, to create the almost impenetrable protective layer. The inorganic end of the molecule forms the hard, chemical bond with the clear coat, while the organic end of the molecule creates the hydrophobic (water fearing) end. This dual functionality allows the clear coat to become resistant to environmental elements, such as acid rain, bird droppings, fallout, and ultraviolet degradation.

Treated surfaces will maintain a beautiful appearance for years and always display a freshly detailed look *when properly maintained. Surfaces will become resistant to dirt/grime buildup and will clean up easier.

**VEHICLE PROTECTION TO THE MAX™**

# Waxes & Sealants

## TEC20

### Premium Paste Wax

Durable wax containing #1 carnauba wax that provides a long lasting shine. Use on fiberglass, automobiles, watercraft, aircraft & more. Leaves no white residue.

*Available Size(s)*

TEC20 (12) 13 oz. cans/case

## TEC22

### Purple Premium Finishing Wax

Versatile product that can be used by machine or by hand. This low abrasive product is designed as a final finish fast wax with quick dry time & a great moisture tolerance. Grape fragrance.

*Available Size(s)*

TEC2216CS (6) 16 oz./case
TEC2204 (4) 1 gal./case

## TEC23

### Final Finish

Spray on, wipe off water-based silicone finishing formula that produces a dynamic showroom shine. Works on chrome, glass & dark vehicles without streaking. Cherry fragrance.

*Available Size(s)*

TEC2322CS (12) 22 oz./case
TEC2304 (4) 1 gal./case
TEC2305 5 gal./HP

## TEC24

### Express Detailer

Spray on, wipe off water-based silicone formula that results in a high gloss finish for that showroom shine. Works on chrome, glass & dark vehicles. Banana fragrance.

*Available Size(s)*

TEC2422CS (12) 22 oz./case
TEC2404 (4) 1 gal./case

## TEC426

### Aqua Glow

Our latest innovation to cut drying time & protect the vehicle. Works on both just rinsed or clean, dry vehicles. Just spray and buff into a high gloss finish. Won't streak, even with a terry cloth towel, lasts up to 4 months & is very easy to apply. Safe for glass or trim as well.

*Available Size(s)*

TEC42632CS (6) 32 oz./case
TEC42604 (4) 1 gal./case

*Refer to SDS before use*

## TEC513

### Quick Yellow Fast Wax

Silicone fortified to help restore color & gloss. Provides a protective, durable coating lasting up to 6 months. Banana fragrance.

*Available Size(s)*

TEC51316CS (6)16 oz./case
TEC51304 (4) 1 gal./case

## TEC553

### Solid Gold Cream Wax

TEC553 is designed to be an all in one product that will clean, shine & seal all in one step. Pairing consistent polishing agents with a blend of polymers guarantees that this product will fill minor imperfections to deliver that perfect shine without a greasy residue. TEC553 Solid Gold has an amazing banana scent & does not contain the traditional harsh solvents.

*Available Size(s)*

TEC55316CS (6) 16 oz./case
TEC55304 (4) 1 gal./case

## TEC578/28

### Lightning Polyseal

Wipe on, wipe off formula containing a polymer sealant to quickly remove tar & other road film. Up to 6 months durability. Banana fragrance

*Available Size(s)*

TEC578/2816CS (6)16 oz./case
TEC578/2864CS (4)64 oz./case
TEC578/2804 (4) 1 gal./case

## TEC590/95

### Ultra Finish

A final step product for protecting automotive paint finishes. For use by hand, or with a high speed or orbital buffer. Increases gloss & color depth. Vanilla fragrance.

*Available Size(s)*

TEC590/9516CS (6)16 oz./case
TEC590/9504 (4) 1 gal./case

## TEC595

### Super Blue Surface Protector

Easy on & off application providing a long lasting protection for all chrome & painted areas. Contains durable silicones for excellent surface coverage. Berry fragrance.

*Available Size(s)*

TEC59516CS (6)16 oz./case
TEC59504 (4) 1 gal./case

**See page 107 for Microfiber Towels**

# Service Lane Products

See pages 38-39 for Odor Elimination products

## 254060

### Headlight Restoration Kit

This complete system is everything you need to restore one set of headlight lenses. The coating is ready to go outside in 30 minutes. This kit was designed to help remove the yellowing effect from the lenses that is caused by pollution, contaminants and UV rays from the sun. When used correctly, the Headlight Restoration Kit can help restore polycarbonate lenses to an acceptable clarity.

*Available Size(s)*

254060CS (12) kits/case

## TEC70

### TC Black Fusion®

A low viscosity methoxy-methylphenyl oligomer coating that cures at room temperature. May be used on vinyl, polystyrene, rubber & polyvinyl chloride. Restores faded plastic & protects against acid rain, sun damage, chalking & detergents. May be used on car carrier trim, RV trim, truck beds, bumpers & other plastic, black & gray surfaces that are exposed to fading.

*Available Size(s)*

TEC7002CS (12) 2 oz./case

## TEC316

### Fuel System Cleaner : Step 1

A concentrated, high tech formula designed to clean the fuel system by dissolving gum, varnish and carbon deposits. This pour in product treats up to 21 gallons of fuel. Recommended use every 5000 miles. Will not hurt catalytic converters.

***Gasoline engines only***

*Available Size(s)*

TEC316CS (12) 12 oz./case

## TEC317

### Induction Cleaner : Step 3

Restores lost power by removing hard deposits from the intake ports, intake valves and combustion chamber. Will not harm fuel system components or catalytic converters. Oxygen sensor safe.

***Do not use in rotary engines***

*Available Size(s)*

TEC317CS (12) 12 oz./case

## TEC318

### Complete Fuel System Treatment Kit

A fuel system tune-up which restores power, performance and fuel economy. Cleans fuel injectors, intake manifold, valves and combustion chamber. Protects against carbon build up and engine knock.

Each kit contains one of the following:

- **Step 1: TEC316 Fuel System Cleaner (See above)**
- **Step 2: TEC99208 - Throttle Body & Air Intake Cleaner (See page 7)**
- **Step 3: TEC317 Induction Cleaner (See above)**

*Available Size(s)*

6 kits/case (see below for kit contents)

TEC316 (1) 12 oz. bottle/kit
TEC99208 (1) 4.5 oz can/kit
TEC317 (1) 12 oz. bottle/kit

*Refer to SDS before use*

# Miscellaneous

## ECP380
### Heavy Duty Overspray Remover

Quickly & completely removes undercoating & overspray. Emulsifies with water & is safe on paint. Cherry fragrance.

*Available Size(s)*

ECP38004 (4) 1 gal./case
ECP38005 5 gal./HP
ECP38055 55 gal./drum

## TEC90
### Remove-All Adhesive Remover

Solvent-based. Removes adhesives, grease & tar. Removes undercoating overspray. Use on vinyl, upholstery & all hard surfaces.

# Miscellaneous

## TEC314

### Blast Off Brake Cleaner

Non-chlorinated solvent blend which provides maximum performance in a brake & parts cleaner without ozone depleting chlorinated solvents.

*Works with our Sure Shot Sprayers and Sure-Fil Filling Systems! (See pages 57 & 105)*

| Available Size(s) | |
|---|---|
| TEC31453 | 53 gal./drum |

## TEC315

### VOC/OTC Compliant Non-Chlorinated Brake Cleaner

Low VOC, non-chlorinated brake cleaner designed to remove grease & grime without any residual film on brake linings.

*Works with our Sure Shot Sprayers and Sure-Fil Filling Systems! (See pages 57 & 105)*

| Available Size(s) | |
|---|---|
| TEC31505 | 5 gal./pail |
| TEC31553 | 53 gal./drum |

## TEC307

### Traffic Paint Remover

TEC307 Traffic Paint Remover is designed to remove white & yellow traffic paint without damaging most types of automotive surfaces.

| Available Size(s) | |
|---|---|
| TEC30732CS | (6) 32 oz./case |

## TEC378

### Lacquer Thinner

TEC378 is used for the thinning and clean-up of lacquers and most epoxies. It can be used for cleaning brushes immediately after use.

| Available Size(s) | |
|---|---|
| TEC37804 | (4) 1 gal./case |
| TEC37805 | 5 gal./pail |

## TEC421

### Tool & Parts Cleaner

Removes dirt & residue quickly from tools & parts. Dries fast. Non-chlorinated.

*Works with our TEC1066 Sure Shot Sprayer! (See page 105)*

| Available Size(s) | |
|---|---|
| TEC42153 | 53 gal./drum |

*Refer to SDS before use*

## TEC445
### Blue Coat Vinyl Coating

This quick dry, no mess formula protects and enhances exterior and interior vinyl. TEC445 coating helps to prevent fading and cracking while maintaining a natural, dark appearance. The water resistant formula is long lasting and is the finishing touch for a well detailed vehicle. Excellent gloss. Grape fragrance.

| Available Size(s) | |
|---|---|
| TEC44505 | 5 gal./HP |
| TEC44553 | 53 gal./drum |

## TEC495
### Parts Cleaner

A metal cleaner developed for removing grease, oil & dirt from aluminum & other non-ferrous metals. Excellent for use in spray washing cabinets, re-circulating tanks & hot dip tank applications.

| Available Size(s) | |
|---|---|
| TEC495100 | 100 lb. drum |

## TEC497
### Paint & Rust Remover

Metal cleaner is a high-quality product for removing grease, oil, dirt & rust from ferrous metal objects.

| Available Size(s) | |
|---|---|
| TEC497500 | 500 lb. drum |

Special Order Item

## TEC649/81
### Transportation Coating Remover

CONCENTRATE. Formulated for removing transportation coating from automotive exterior surfaces. Excellent hard water stability. Biodegradable. Dilute up to 1:16.

| Available Size(s) | |
|---|---|
| TEC649/8105 | 5 gal./HP |

Always wear recommended safety equipment

# Applicators & Scrubbers

## TEC1003
### Knit Wax Applicator Pad

4.5" x 3.5" x 1". Plush pile keeps dirt & grit away from vehicle surface. Machine wash & dry.

| Item | Available Size(s) |
|---|---|
| TEC1003 | 144/case |

## ECP1010
### Foam Applicator Pad

Poly sponge for applying wax, polish or tire dressing.

| Item | Available Size(s) |
|---|---|
| ECP1010 | 144/case |

## TEC1005
### Microfiber Coating Applicator Sponge

3.5" x 1.5" x 1.5". This multi-colored microfiber coating applicator sponge has a built-in plastic material layer that helps the prevention of product waste while allowing for easier applications! Made with 80% polyester and 20% polyamide.

| Item | Available Size(s) |
|---|---|
| TEC1005 | 240/case |

## TEC1034
### Bug Sponge

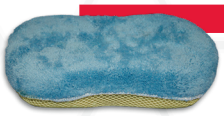
5" x 7" x 1" netted bug scrubber. Nylon mesh will not tear or snag. Machine washable.

| Item | Available Size(s) |
|---|---|
| TEC1034 | 120/case |

## TEC1006
### Knit Wax Applicator Pad-Large

6.5" x 4" x 1". Plush pile keeps dirt & grit away from vehicle surface. Machine wash & dry.

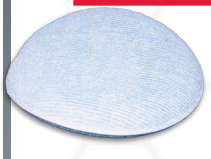
| Item | Available Size(s) |
|---|---|
| TEC1006 | 72/case |



## TEC1217
### Microfiber Sponge with Bug Scrubber

9.75" x 5" x 2.5". Two-sided. One side is soft, non-scratch microfiber, flip for bug scrubber. Two sponges in one.

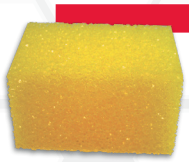
| Item | Available Size(s) |
|---|---|
| TEC1217 | 12/case |



## TEC1007
### Foam/Terry Wax Applicator

4" diameter. Foam on one side, terry on the other.

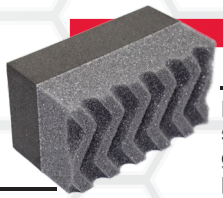
| Item | Available Size(s) |
|---|---|
| TEC1007 | 144/case |



## TEC1413
### Do-All Scrubber

When used wet, this specially designed honey comb material will carry an abundance of soap & water to safely scrub away stubborn bugs, bird droppings & other contaminants without harming the clear coat. Easily rinses clean.

| Item | Available Size(s) |
|---|---|
| TEC1413 | 48/case |



## TEC1574
### Tire Dressing Applicator Pad

Blended foam Tire Dressing Applicator Pad features wave-shaped ridges for superior spreadability over textured and grooved surfaces, while maintaining even, smooth surface performance. Handle allows for ease of application. Contours with tires and spreads evenly. Minimize runs, drips and waste.

| Item | Available Size(s) |
|---|---|
| TEC1574 | 24/case |

## TEC1008
### Round Knit Applicator

4.5" diameter. Terry knit round wax applicator pad. Poly sponge for applying wax, polish & tire dressing.

| Item | Available Size(s) |
|---|---|
| TEC1008 | 144/case |

*Refer to SDS before use*

# Nitrile

## Latex

### TEC1420 -1423
### Blue Nitrile Powder-Free Examination Gloves

Best value Nitrile gloves which fit and feel like latex gloves but are non-allergenic and lightweight with superior durability. Made from 100% Nitrile (Latex Free), these gloves are ambidextrous, sky-blue in color, and non-sterile. 4 mil palms and 5.2 mil fingers. Fingertip-textured finish even grips extra-thin objects. Greater chemical resistance compared to other materials and each batch of gloves is air-tested to detect pinholes. These gloves conform and are tested to the highest international standards. Intended for single use only. 100 gloves per box, 10 boxes per case. Chemo-Rated.

| Item | Description | Available Size(s) |
|---|---|---|
| TEC1420 | (S) Small | 10/case |
| TEC1421 | (M) Medium | 10/case |
| TEC1422 | (L) Large | 10/case |
| TEC1423 | (XL) X-Large | 10/case |

### TEC1424 -1427
### Black Nitrile Powder-Free Examination Gloves

Black Nitrile powder free examination gloves are made from 100% Nitrile (Non Latex), ambidextrous, fully textured, black color and non-sterile. These gloves conform and are tested to the highest international standards. 5 mil thickness for improved puncture resistance. Intended for single use only. 100 gloves per box, 10 boxes per case. Automated packing to enhance single glove dispensing.

| Item | Description | Available Size(s) |
|---|---|---|
| TEC1424 | (M) Medium | 10/case |
| TEC1425 | (L) Large | 10/case |
| TEC1426 | (XL) X-Large | 10/case |
| TEC1427 | (XXL) XX-Large | 10/case |

### TEC1440 -1442
### Powder-Free Textured Blue Nitrile Gloves

Thicker than standard nitrile gloves at 5 mil with 6 mil fingertips. Unsurpassed comfort & outstanding tactile sensitivity. The perfect combination of strength & comfort. 100 gloves per box, 10 boxes per case.

# Entire Car Protection

*Serving the automotive industry since 1969*
*Innovations in chemistry since 1935*

At ECP we believe in product knowledge. For the technician, our hands-on training teaches the latest in techniques, tools and emerging products and systems.

If you are directly or indirectly in sales, you know that understanding your product line arms you with the ammunition to be convincing, persuasive and successful in your presentations.

ECP's training programs arm you with the product information, product knowledge and product understanding of all our profit building and cost saving programs.

*Knowledge* - the path to higher levels of sales and profit opportunities.

As a manufacturer, ECP carries multiple products for your type of application. With our hands on training, product and application knowledge, we can help you determine what product(s) can be most effective in your place of business.

We don't talk about training - we deliver verifiable results, either at our modern, innovative 7200 sq. ft. National Training Center or remotely at your place of business.

**NATIONAL TRAINING CENTER CLASSROOM COURSES PUT YOU TO THE TEST**

# Overview of Training Curriculums:

NTC NATIONAL TRAINING CENTER

ECP provides a variety of comprehensive training courses complete with training kits and certificates of completion.

Tomorrow's Technology Today
TECHNICIAN'S CHOICE®
PROFESSIONAL SERIES

## Appearance & Reconditioning / Prep & Service Chemicals

***Automotive, Fleet, Truck & Transportation***

***Dealer Class 101:***
- Intro to Reconditioning of Used Vehicles & Retail Details
- Intro to New Vehicle Get Ready Process
- Intro to Paint Correction Procedures
- Interior Detailing & Spot Removal including Odor Control
- Basic Product Selection
- Basic Safety Training

***Dealer Class 102:***
- Explore Labor Saving Processes & Techniques
- In-Depth Paint Correction Procedures
- How to Organize Your Prep Department – Saving You Time & Money
- In Depth Product Selection Training
- How to Control Cost & Usage

***Dealer Class 103: MASTER TECHNICIAN***
- Earn your Master Technician certification!
- The highest level of dealer training available. Review and master techniques, paint correction, product selection and more!
- Must have attended Dealer 101 & 102 classes to qualify

***Distributor Class 101:***
- Dealer Training Course (Overview)
- New Product Demos – Features & Benefits
- Promotions / Packages
- Hands-On Training
- Set Up Territories & Routes
- Checks & Balances – Monitor Your Success
- Programs to Generate Success

***Distributor Class 102:***
- Advanced Paint Correction Techniques
- Advanced Interior Correction
- Labor Saving Programs
- How to Handle Difficult Customers & High Demand Situations

***Distributor Class 103: "Train the Trainer"***
- Earn your Master Trainer certification!
- This course was developed to provide you with top level training and certification. Attendees will leave here with the ability to provide their customers with the highest level of training wither on-site or at their locations.
- Must have attended Distributor 101 & 102 classes to qualify

PLATINUM PROFESSIONAL CAR WASH SYSTEMS®

## Commercial Car Wash Products

***Course:***
- Tunnel Washes
- In-Bay Automatics, Rollovers, Touchless & Friction
- Sales Training
- The Methods of Volumetrics
- Customer Service Advisor (CSA)
- Titration

**Protective Coatings**
**Optional Protection Products**

# PLATINUM

## PROFESSIONAL CAR WASH SYSTEMS®

"Take Your Customers PLATINUM!"™

# Pre-Soaks

*Alkaline (High pH)*

## PCW8 TNT High pH Presoak

T A S

**Concentrate.** High foam presoak. Great high pressure soap for hand guns, self-serve and tunnel car washes. Use in 1st presoak arch of conveyor car wash system. Biodegradable. Cinnamon fragrance. Dilute up to 1:200.

Available Size(s): 5, 15, 30, 55 gallons

## PCW18 Take Off High pH Presoak

T A S

**Concentrate.** High pH liquid presoak. Easily breaks down road film, windshield wiper residue and road soils. Use as a low pressure presoak application in frictionless or hybrid type systems. Great for prep gun application in tunnel car wash. Great lemon fragrance. Biodegradable. Dilute up to 1:150.

Available Size(s): 5, 30, 55 gallons

## PCW19 Premium Presoak Powder

T A S

**Concentrate.** Quality product for removing road film and soil build-up from automotive and other hard surfaces. Produces abundant foam for increased contact time on vertical surfaces. Special builders, surfactants and solvents lift dirt and grime. 50lbs. makes 55 gallons then dilute up to 1:10.

Available Size(s): 50, 100 lb. drums

## PCW31 Vanish High pH Presoak

T A S

**Concentrate.** High pH liquid presoak. Great in hard water applications. Easily breaks down road film, windshield wiper residue and road soils. Use as a low pressure presoak application in frictionless or hybrid type systems. Great for prep gun application in tunnel car wash. Biodegradable. Dilute up to 1:240.

Available Size(s): 5, 15, 30, 55 gallons

## PCW32 Buffered High pH Presoak

T A

**Concentrate.** High pH liquid presoak. Use as a low pressure presoak application in frictionless, hybrid type systems, truck wash and all rollovers. Will not stain polished aluminum. Biodegradable. Dilute up to 1:100.

Available Size(s): 5, 15, 30, 55 gallons

## PCW52 Film Fighter High pH Presoak

T A S

**Concentrate.** High foam presoak. Great high pressure soap for self serve car wash. Use in 1st presoak arch of conveyor car wash system. Can be used for prep gun application in tunnel car wash. Biodegradable. Cinnamon fragrance. Dilute up to 1:120.

Available Size(s): 5, 15, 30, 55 gallons

## PCW36 Foamy Lube Detergent

T A S

**Concentrate.** Unique liquid detergent that combines alkalinity for cleaning and copious foam for visual appeal. Viscous product provides tremendous lubricity and high foam levels. Makes cloth quiet. May be applied through a foamer or directly on cloth or bristle. Biodegradable. Dilute up to 1:640.

Available Size(s): 5, 15, 30, 55 gallons

## PCW84 Foamy Lube GOLD

T A S

**Concentrate.** A unique liquid detergent that combines alkalinity and water miscible solvents to clean, degrease and generate high foam for visual appeal. It is a viscous product that will provide tremendous lubricity and high foam levels. May be applied through a foamer or directly on to cloth or bristle. Cherry fragrance. Biodegradable. Dilute up to 1:640.

Available Size(s): 5, 15, 30, 55 gallons

## PCW85 Foamy Lube RED

T A S

**Concentrate.** A unique liquid detergent that combines alkalinity and water miscible solvents to clean, degrease and generate high foam for visual appeal. It is a viscous product that will provide tremendous lubricity and high foam levels. May be applied through a foamer or directly on to cloth or bristle. Cherry fragrance. Biodegradable. Dilute up to 1:640.

Available Size(s): 5, 15, 30, 55 gallons

## PCW86 Foamy Lube BLUE

T A S

**Concentrate.** A unique liquid detergent that combines alkalinity and water miscible solvents to clean, degrease and generate high foam for visual appeal. It is a viscous product that will provide tremendous lubricity and high foam levels. May be applied through a foamer or directly on to cloth or bristle. Cherry fragrance. Biodegradable. Dilute up to 1:640.

Available Size(s): 5, 15, 30, 55 gallons

# Pre-Soaks
*Neutral pH*

## PCW15 Super Foamer Neutral pH Presoak — T A S

**Concentrate.** High foam presoak. Great high pressure soap for hand guns, self-serve and tunnel car washes. Use in 1st presoak arch of conveyor car wash system. Biodegradable. Fresh air fragrance. Dilute up to 1:640.

Available Size(s): 5, 15, 30, 55 gallons

# Pre-Soaks
*Acidic (Low pH)*

## PCW14 Easy Rinse Low pH Presoak — T A

**Concentrate.** First step low pH presoak for touchless cleaning. Great suds and lubricity. Great presoak for tunnel car washes. Built in lubricators quiet mitters and wrap cloth. Brightens chrome and glass. Biodegradable. Dilute up to 1:540.

Available Size(s): 5, 30, 55 gallons

## PCW23 Shiner High Foaming Low pH Presoak — T A

**Concentrate.** First step low pH presoak for touchless cleaning. Great suds and lubricity. Great presoak for tunnel car washes. Built in lubricators quiet mitters and wrap cloth. Brightens chrome and glass. Cherry fragrance. Biodegradable. Dilute up to 1:540.

Available Size(s): 5, 15, 30, 55 gallons

## PCW33 Citrus Foam Low pH Presoak — T A

**Concentrate.** First step low pH presoak for touchless and conveyor car washes. Great suds and lubricity. Brightens chrome and glass. Biodegradable. Citrus fragrance. As a low pH presoak, dilute up to 1:540.

Available Size(s): 5, 15, 30, 55 gallons

## PCW53 Innovation Low pH Presoak — T A

**Concentrate.** First step low pH presoak, great suds and lubricity. Brightens chrome and glass. Biodegradable. Cherry fragrance. Dilute up to 1:240.

Available Size(s): 5, 15, 30, 55 gallons

## PCW101 Blue Citrus Foamy Lube — T A S

**Concentrate.** First step low pH presoak, ideal for touchless and conveyor car washes. Contains both natural and synthetic cleaners to deliver outstanding performance. Degreasing is achieved with d-limonene, while industrial co-solvents attack additional stubborn soils. High levels of chelating agents give great hard water stability. 100% active surfactants allow for great foam profiles at high dilution rates. Citrus fragrance. Biodegradable. Dilute up to 1:540.

Available Size(s): 5, 15, 30, 55 gallons

# Brake, Wheel & Whitewall Cleaners

*Note: All of our Wheel Cleaners should be applied to wet rims, wheels or tires.*

## PCW7 Foaming Tire Cleaner — T A S

**Concentrate.** Tough non-acid wheel, white wall tire and engine cleaner. Slightly buffered to control cleaning ability. Works well in warm climates, hard water. Highly recommended for self service car washes. Fluorescent green for vibrant green color. Spearmint fragrance. Biodegradable. Dilute up to 1:23.

Available Size(s): 5, 15, 30, 55 gallons

## PCW24 WOW! Whitewall & Wheel Cleaner — T A

**Concentrate.** Combination whitewall and wheel cleaner that is highly dilutable and safe on all whitewall tires and wheels. Biodegradable. Dilute up to 1:16.

Available Size(s): 5, 15, 30, 55 gallons

## PCW25 BAM! Tire & Wheel Cleaner — T

**Concentrate.** Non-caustic, non-butyl liquid tire cleaner. Safe on painted and aluminum surfaces. Leaves whitewalls sparkling white. Excellent for C.T.A. application. Biodegradable. Dilute up to 1:8.

Available Size(s): 5, 55 gallons

## PCW29 Purple Magic Wheel Brightener — T

**Concentrate.** Industrial strength, Ammonium Bi-flouride based cleaner. Designed to effectively clean and brighten todays wheels. Removes tarnish, brake dust and rust from clear-coated wheels. Do not use on plastic or polished aluminum wheels. Cherry fragrance. Biodegradable. Dilute up to 1:17.

Available Size(s): 5, 15, 30, 55 gallons

## PCW30 Terminator — T A

**Concentrate.** Whitewall / wheel and rim cleaner; a non-acid formula that is very aggressive on wheel dust and whitewalls. Excellent foam levels. Fast acting. Biodegradable. Dilute up to 1:25 in warm seasons, up to 1:10 in cold seasons.

Available Size(s): 5, 15, 30, 55 gallons

## PCW79 Terminator II - Powered Up — T A

**Concentrate.** Non-abrasive whitewall / wheel and rim cleaner; a non-acid formula that is very aggressive on brake dust and whitewalls. Excellent hard water and freeze/thaw stability. Phosphate free. Biodegradable. Dilute up to 1:45 in warm seasons, up to 1:20 in cold seasons.

Available Size(s): 5, 15, 30, 55 gallons

# Soaps & Detergents

## PCW15 Super Foamer — T A S

**Concentrate.** Designed for cloth in conveyor car washes. High foam, great lubricity and neutral pH. Economical multi-use product. Recommended for the neo glide foam cloth or all soft foam type cloth on the market. Fresh air fragrance. Biodegradable. Dilute up to 1:640.

Available Size(s): 5, 15, 30, 55 gallons

## PCW36 Foamy Lube Detergent — T A S

**Concentrate.** Unique liquid detergent that combines alkalinity for cleaning and copious foam for visual appeal. Viscous product provides tremendous lubricity and high foam levels. Makes cloth quiet. May be applied through a foamer or directly on cloth or bristle. Biodegradable. Dilute up to 1:640.

Available Size(s): 5, 15, 30, 55 gallons

## PCW101 Blue Citrus Foamy Lube — T A S

**Concentrate.** First step low pH presoak, ideal for touchless and conveyor car washes. Contains both natural and synthetic cleaners to deliver outstanding performance. Degreasing is achieved with d-limonene, while industrial co-solvents attack additional stubborn soils. High levels of chelating agents give great hard water stability. 100% active surfactants allow for great foam profiles at high dilution rates. Citrus fragrance. Biodegradable. Dilute up to 1:540.

Available Size(s): 5, 15, 30, 55 gallons

## PCW38 No Freeze Red — S

Specially formulated anti-freeze foam brush detergent. Formulated with a high concentration of methanol. Biodegradable. Dilute up to 1:5.

Available Size(s): 5 gallons

## PCW49 Cherry Foam Brush — S

**Concentrate.** Specially formulated as a foam brush soap. Heavy lather. Easy to rinse. Cherry fragrance. Excellent sudsing action. Biodegradable. Dilute up to 1:150.

Available Size(s): 5, 15, 30, 55 gallons

## PCW68 Lemon Foam Brush — S

**Concentrate.** Formulated for self service car wash applications. This high foaming brush detergent produces a rich, long lasting lather of lubricity which reduces effort in washing and lowers wipe down time. Will work in metering devices and free rinses. Lemon fragrance. Biodegradable. Dilute up to 1:150.

Available Size(s): 5, 15, 30 gallons

## PCW69 Tri-Foam Combo Green — T S

**Concentrate.** Specially formulated as a self-service foam brush soap or for tunnel tri-foam application. Phosphate free. Melon fragrance. Biodegradable. Dilute up to 1:200.

Available Size(s): 5, 15, 30, 55 gallons

## PCW70 Cherry Blast Car Wash — T

**Concentrate.** A high foam, economical car wash detergent. Works great as a bucket soap in full service and exterior tunnel washes. Cherry fragrance. Biodegradable. Dilute up to 1:75.

Available Size(s): 5, 15, 30, 55 gallons

Available Size(s): 5, 15, 30, 55 gallons

## PCW85 Foamy Lube RED

**Concentrate.** A unique liquid detergent that combines alkalinity and water miscible solvents to clean, degrease and generate high foam for visual appeal. It is a viscous product that will provide tremendous lubricity and high foam levels. May be applied through a foamer or directly on to cloth or bristle. Cherry fragrance. Biodegradable. Dilute up to 1:640.

Available Size(s): 5, 15, 30, 55 gallons

## PCW86 Foamy Lube BLUE

**Concentrate.** A unique liquid detergent that combines alkalinity and water miscible solvents to clean, degrease and generate high foam for visual appeal. It is a viscous product that will provide tremendous lubricity and high foam levels. May be applied through a foamer or directly on to cloth or bristle. Cherry fragrance. Biodegradable. Dilute up to 1:640.

Available Size(s): 5, 15, 30, 55 gallons

# Triple Foam

*Polishes and Conditioners (High pH)*

*Polishes and Conditioners (Low pH)*

## PCW54 FASTBREAK Red Triple Foam

T A

**Concentrate.** A high sudsing polish and conditioner that produces vibrant color, free rinsing and a glossy shine. Foam breaks to allow quick rinsing in short tunnel applications. Bubble gum fragrance. Biodegradable. Dilute up to 1:200.

Available Size(s): 5, 15, 30, 55 gallons

## PCW65 FASTBREAK BLUE Low pH Triple Foam

T A S

**Concentrate.** Deep vibrant color. Good water break and beadability. Works great in touchless In-bay automatics. Leaves vehicle shiny and dry. Works well in hard water conditions. Biodegradable. Bubble gum fragrance. Dilute up to 1:150.

Available Size(s): 5, 15, 30, 55 gallons

## PCW55 FASTBREAK Yellow Triple Foam

T A

**Concentrate.** A high sudsing polish and conditioner that produces vibrant color, free rinsing and a glossy shine. Foam breaks to allow quick rinsing in short tunnel applications. Bubble gum fragrance. Biodegradable. Dilute up to 1:200.

Available Size(s): 5, 15, 30, 55 gallons

## PCW66 FASTBREAK RED Low pH Triple Foam

T A S

**Concentrate.** Deep vibrant color. Good water break and beadability. Works great in touchless In-bay automatics. Leaves vehicle shiny and dry. Works well in hard water conditions. Biodegradable. Bubble gum fragrance. Dilute up to 1:150.

Available Size(s): 5, 15, 30, 55 gallons

## PCW56 FASTBREAK Blue Triple Foam

T A

**Concentrate.** A high sudsing polish and conditioner that produces vibrant color, free rinsing and a glossy shine. Foam breaks to allow quick rinsing in short tunnel applications. Bubble gum fragrance. Biodegradable. Dilute up to 1:200.

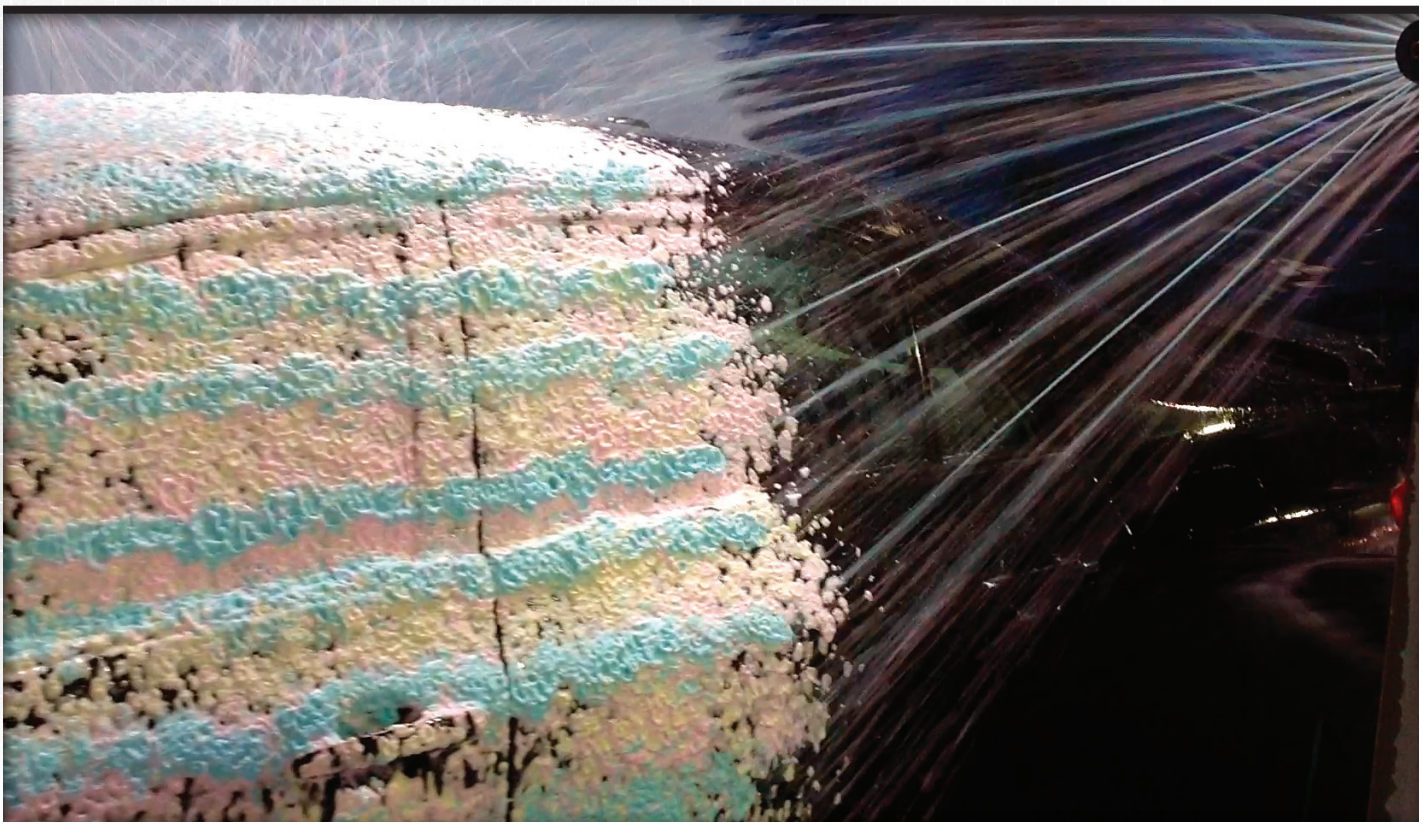
Available Size(s): 5, 15, 30, 55 gallons

## PCW67 FASTBREAK YELLOW Low pH Triple Foam

T A S

**Concentrate.** Deep vibrant color. Good water break and beadability. Works great in touchless In-bay automatics. Leaves vehicle shiny and dry. Works well in hard water conditions. Biodegradable. Bubble gum fragrance. Dilute up to 1:150.

Available Size(s): 5, 15, 30, 55 gallons



# Rinse Agents

## PCW9 Super Beads Drying Agent

T A

**Concentrate.** Highly concentrated drying agent and rinse aid for automatic car wash applications. Added to final rinse water cycle, promotes water beading; easier blow-off, leaving a spot-free surface. Excellent non-streaking, non-spotting formula. Biodegradable. Dilute up to 1:400 for rinse cycle.

Available Size(s): 5, 15, 30, 55 gallons

## PCW13 Cherry Drying Agent

T A S

**Concentrate.** Economical rinse aid for tunnel wash applications. Great spray wax for self-serve, rollovers and automatic car washes. Non-streaking; makes easy water blow-off. Cherry fragrance. Biodegradable. Dilute up to 1:200.

Available Size(s): 5, 15, 30, 55 gallons

## PCW34 Sahara Drying Agent

T A S

**Concentrate.** High quality combination drying agent and sealer. This product provides both beading and sheen. Especially effective in touchless washes as well as high speed conveyors and in-bay automatics. Biodegradable. Mulberry fragrance. Dilute up to 1:200.

Available Size(s): 5, 15, 55 gallons

## PCW62 Vivid Dry

T A

**Concentrate.** Our finest, most concentrated drying agent and rinse aid. Contains the maximum water breaking technology in the industry. Imparts vehicles with a great shine! Biodegradable. Dilute up to 1:600.

Available Size(s): 5, 15, 30, 55 gallons

# Protectants

## PCW4 PLATINUM TVP - Original

T A S

**Concentrate.** A new generation Total Vehicle Protection concentrate designed to promote water beading, detergent resistance, UV protection, gloss and sheeting action to the total vehicle. Excellent in touchless and in-bay automatic car wash systems. Can also be used in a bubblizer or lava arch. Biodegradable. Banana fragrance. Dilute up to 1:300.

Available Size(s): 5, 15, 30, 55 gallons

## PCW47 PLATINUM TVP - BLUE

T A

**Concentrate.** Our premium Total Vehicle Protection surface reacting, foaming clearcoat is formulated to promote water beading, detergent resistance, UV protection, gloss and sheeting action to the total vehicle while providing a brilliant visual show. Biodegradable. Pleasant fragrance. Dilute up to 1:400.

Available Size(s): 5, 15, 30, 55 gallons

## PCW88 Triple Shine TVP

T A S

**Concentrate.** The ideal choice for surface protection. Formulated to bolster shine, water repellency and durability to the entire surface of the vehicle. Protects against harmful UV rays. Delivers outstanding performance in touchless tunnel and in bay automatic vehicle wash systems. Grape fragrance. Biodegradable. Dilute up to 1:300.

Available Size(s): 5, 15, 30, 55 gallons

## PCW5 Invision Protectant

T A

**Concentrate.** Excellent non-streaking, economical, clear coat protectant for painted surfaces. Promotes water beading. Prevents water spotting. Great shine. Use in automatic and coin operated car washes. Biodegradable. Mulberry fragrance. Dilute up to 1:200.

Available Size(s): 5, 15, 30 gallons

PROFESSIONAL CAR WASH SYSTEMS®

# On-Line Waxes

## PCW98 Lava Wax Orange

T A

Utilizes modern, surface enhancing chemistry including micro-ionized carnauba wax. This formula will provide UV protection, impart gloss, enhance water beading & shedding and reduce spotting – increasing the shine and protection on every vehicle washed. Bubble gum fragrance. Dilute up to 1:300.

Available Size(s): 5, 15, 30 gallons

## PCW99 Lava Wax Cherry

T A

Utilizes modern, surface enhancing chemistry including micro-ionized carnauba wax. This formula will provide UV protection, impart gloss, enhance water beading & shedding and reduce spotting – increasing the shine and protection on every vehicle washed. Cherry fragrance. Dilute up to 1:300.

Available Size(s): 5, 15, 30 gallons

## PCW100 Lava Wax Grape

T A

Utilizes modern, surface enhancing chemistry including micro-ionized carnauba wax. This formula will provide UV protection, impart gloss, enhance water beading & shedding and reduce spotting – increasing the shine and protection on every vehicle washed. Grape fragrance. Dilute up to 1:300.

Available Size(s): 5, 15, 30 gallons

LAVA WAX

Protect & Shine Every Time

Fortified with Carnauba Wax!

Lava Wax signage now available!
See page 126-130

## PCW102 PLATINUM CERAMIC SHIELD®

T A

Platinum Ceramic Shield® is the first ceramic fortified type of product developed exclusively for automatic car washes. This industry breakthrough product allows consumers to have whole vehicle ceramic protection from the ease of use of the drive through wash. The ceramic material forms a chemical bond to all exterior surfaces and creates a wear resistant coating. The treated surfaces will have increased gloss and shine along with great water beading. A touch of slickness is added to the painted surfaces to reduce the buildup of dirt, grime, bugs, and industrial fallout. Fine spray nozzles from the arch allows the product to penetrate the hardest to reach areas, including moldings, emblems, cracks and crevices.

Available Size(s): 5, 15, 30 gallons

### PLATINUM CERAMIC SHIELD® APPLICATION ARCH

| | |
|---|---|
| **Construction:** | Anodized aluminum structure with aluminum composite graphic panels. |
| **Dimensions:** | Exterior - 136” (max) h x152” w |
| | Interior (clearance) - 92.5” (std) h x 112” w |
| **Voltage/Amperage:** | 100~240VAC / 1.2 AMP (when LED pucks are used) |
| **Illumination:** | Spinning LED Puck lights - amber, blue & white |
| | OPTIONAL - 144 watt - 6ft color changing LED light bar |
| **Mounting:** | Plate is 11.75” x 7” |
| Available Size(s): | Each |

# Tire Dressings

*On-line and Water Based*

## PCW63 Pad Master On-Line Dressing

T A

Premium high solids, solvent based, tire dressing designed to work in all types of on-line application systems. Engineered to promote longer life in application pads due to its superior wetting characteristics. Complete coverage; highest shine available.

Available Size(s): 5, 15, 30, 55 gallons

## PCW64 H2O Pad Master On-Line Dressing

T A

Water-based, silicone blend tire dressing. Outstanding shine and durability. Designed for application with on-line tire equipment. Will not sling. Complete coverage; high shine. 2 oz. or less, per application.

Available Size(s): 5, 15, 30, 55 gallons

## PCW71 Strawberry Sheen Dressing

T A

Water-based tire dressing. A thick water-based formula designed to give a great shine with just a wipe. Excellent durability. Perfect for car washes looking for no sling. Strawberry fragrance.

Available Size(s): 5, 15, 30, 55 gallons

## PCW72 Triple-D Dressing

T A S

Water based tire dressing with a blend of silicone oils, emulsions and leveling agents. Designed to give outstanding shine and durability. Complete coverage; high shine. Does not sling.

Dilutions: Exterior surfaces Ready To Use.
Interior surfaces up to 1:4.

Available Size(s): 5, 15, 30, 55 gallons

## PCW74 White Cherry Dressing

T A S

**Concentrate.** A blend of fine particle size high and low molecular weight silicone emulsions for unsurpassed gloss; exterior and interior use. Renews tires, bumpers, weather-stripping, rubber, mats, engines and more. Cherry fragrance. Dilute up to 1:4 for interior surfaces.

Available Size(s): (4) 1gal, 5, 15, 30, 55 gallons

# Specialty Products

## PCW6 Clear Vision Rain Repellent

Improves all-weather visibility, safety and driving comfort. Easier to remove frost, ice, salt, mud and bugs when applied to exterior glass. Biodegradable.

Available Size(s): 6-16 oz., 5 gallons

## PCW12 Bug-A-Boo

TAS

**Concentrate.** Safe for removing bugs. Works well in hard water. Phosphate free. Biodegradable. Berry fragrance. Dilute up to 1:15.

Available Size(s): 5, 15, 30, 55 gallons

## PCW42 Premier Tunnel & Equipment Cleaner

**Concentrate.** Heavy duty non-hydrofluoric acid detergent designed to remove wax scum buildup on walls, equipment and windows. PCW42 will clean and brighten most of these surfaces. Biodegradable. Dilute up to 1:6.

Available Size(s): 5, 15, 30, 55 gallons

## PCW57 Rust Inhibitor

TAS

**Concentrate.** PCW57 is a mixture of carboxylic acid salt and other preventatives to inhibit corrosion when used at recommended concentrations. Applied to under carriage of vehicle. Biodegradable. Dilute up to 1:100.

Available Size(s): 5, 15, 30, 55 gallons

## PCW60 Leather Conditioner Interior Dressing

A lanolin based interior creme designed to enrich and renew high quality automotive leather upholstery. Provides outstanding shine and gloss with excellent lubricity and water resistance. Pleasant leather fragrance. Solvent free. Biodegradable.

Available Size(s): 6-16 oz., 4-1 gallons

## PCW61 Zapper Bug Remover

TAS

**Concentrate.** Zapper bug remover is an aggressive formula designed to remove all types of bug residue. Perfect choice for all on-line uses and can be used with a thumb gun or pump style sprayer. Biodegradable. Ideal for "Love Bug" removal. Citrus fragrance. Dilute up to 1:100.

Available Size(s): 5, 15, 30, 55 gallons

## PCW75 Liquid Laundry Detergent

An economical, phosphate free detergent brightening agents. Pre-treat set-in and stubborn stains by pouring PCW75 directly on the stain and rub in. Phosphate free. Biodegradable. Fresh fragrance.

Available Size(s): 5, 55 gallons

## PCW76 Sprayable Paint Protection

A sprayable blend of detergent resistant silicones, abrasives, emulsifiers and rheology modifiers. Excellent gloss and lubricity. Biodegradable.

Available Size(s): 4-1 gallons

# Fragrance Boosters

| Item | | Description | Sizes |
|---|---|---|---|
| | **Fragrance Boosters** | **Concentrate.** Formulated to enhance the car wash experience of the end user during the vehicle washing cycle. Biodegradable. Recommended starting dilution 1:128. | 5 gal/HP |
| PCW302 | **Lemon Fragrance** | | |
| PCW303 | **Spearmint Fragrance** | | |
| PCW305 | **Grape Fragrance** | | |
| PCW306 | **Watermelon Fragrance** | | |
| PCW307 | **Cherry Fragrance** | | |
| PCW308 | **Cool Breezzz Fragrance** | | |
| PCW309 | **Fresh Air Fragrance** | | |

The "Booster" fragrances are used with the initial products we provide for the car wash tunnels (full serve & express), in-bay automatics, rollovers and self serve. We are now able to increase the fragrance level of any product to enhance the customer appeal when purchasing a wash or wash package.

DOSATRON® INTERNATIONAL

These car wash series Dosatron's® are perfect for presoaks, detergents and acidic products. Consistency is key and the Dosatron® will provide accurate dilution point and a consistent dilution for a better cost per car. Don't forget the Water Pressure Regulator (PCWPR34) to set lowest water pressure for pump consistency. All Dosatron® units include: mounting bracket, suction hose, weighted strainer & manual.

### PCWD14MZ2 Dosatron® D14MZ2

Dilution Range: 1:500 to 1:50 (0.2% to 2%)
Water Flow Range: 0.05 to 14 GPM
Operating Pressure Range: 4.3 to 85 PSI
Available Housing Materials: Polypropylene (Standard Blue)
Dimensions: 19 1/18" x 6 5/16"
Weight: 6 lbs
Connection Size: 3/4" NPT
Maximum Temperature: 104° F
Included Accessories: 6' clear suction tube, strainer, weight, mounting bracket and operating manual
Recommended Accessories: PCWPR34 pressure regulator, 200 mesh filter, check valve

Available Size(s): Each

### PCWD14MZ5 Dosatron® D14MZ5

Dilution Range: 1:200 to 1:20 (.5% to 5%)
Water Flow Range: 0.05 to 14 GPM
Operating Pressure Range: 4.3 to 85 PSI
Available Housing Materials: Polypropylene (Standard Blue)
Other Options: Viscous
Dimensions: 19 1/18" x 6 5/16"
Weight: 6 lbs
Connection Size: 3/4" NPT
Maximum Temperature: 104° F
Included Accessories: 6' clear suction tube, strainer, weight, mounting bracket and operating manual
Recommended Accessories: PCWPR34 pressure regulator, 200 mesh filter, check valve

Available Size(s): Each

### PCWD25RE1500 Dosatron® D25RE1500

Dilution Range: 1:1500 to 1:500 (.07% to .2%)
Water Flow Range: .05 to 11 GPM
Operating Pressure Range: 4.3 to 85 PSI
Available Housing Materials: Polyacetal (Standard Blue)
Dimensions: 14" x 6 1/4"
Weight: 4 lbs
Connection Size: 3/4" NPT
Maximum Temperature: 104° F
Included Accessories: 6 ft clear suction tube, strainer, weight, mounting bracket and operating manual
Recommended Accessories: PCWPR34 pressure regulator, 200 mesh filter, check valve

Available Size(s): Each

### PCWPR34 Water Pressure Regulator

Use with PCWD14MZ2, PCWD14MZ5 & PCWD25RE1500 to set lowest water pressure for pump consistency. 3/4" NPT chrome plated brass body with 2" face.

Female inlet and outlet
Working pressure: 15-87 psi
Max incoming pressure: 230 psi
Max Temperature: 140° F
Preset at 43.5 psi

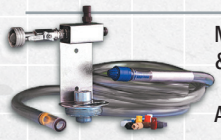
Available Size(s): Each

### ECP2201 1-Port Proportioner

Wall mount, 1-port proportioner is ideal for car wash. (4) gallons per minute.

Available Size(s): Each

### ECP2202 1-Port Drum Mount Proportioner



Mounts directly to drum with single port. Ideal for car washes & APC.

Available Size(s): Each

### ECP2203 3-Port Proportioner

Wall mount 3-port proportioner.

Available Size(s): Each

*See pages 130-131 for Tables & Charts*

PCW514

## Titration Kit

Kit containing titration procedures for testing specific ECP Inc. alkaline and acid automotive washes and cleaners.

**KIT CONTENTS:**

- 1 - 500 mL Hydrochloric Acid 0.1 N
- 1 - 500 mL Hydrochloric Acid 0.6 N
- 1 - 500 mL Hydrochloric Acid 1.0 N
- 1 - 500 mL Sodium Hydroxide 1.0 N
- 2 - 125 mL Indicator Solution
- 1 - 25 mL Glass Sample Cell
- 1 - 16 oz. Glass Container
- 5 - Plastic Dropper Squeezable Transfer Bottles
- 10 - 3 mL Graduated Plastic Transfer Pipettes
- 1 - pH2+ Pocket Meter
- 1 - Pair of Safety Glasses
- 10 - Pairs of Black Nitrile Gloves

Available Size(s): Each

PCW675

## 100 mL Graduated Cylinder

Polypropylene 100 mL graduated cylinder. Single metric scale with raised numerals in 1 mL graduation. Chemical resistant.

Available Size(s): Each

PCW676

## 250 mL Graduated Cylinder

Polypropylene 250 mL graduated cylinder. Single metric scale with raised numerals in 2 mL graduation. Chemical resistant.

Available Size(s): Each

PCW677

## 500 mL Graduated Cylinder

Polypropylene 500 mL graduated cylinder. Single metric scale with raised numerals in 5 mL graduation. Chemical resistant.

Available Size(s): Each

NOTE: Dilution ratios given above are based on 40 psi of water and water thin viscosity (1 CPS)

## Directions and Dilutions for Hydrominder Ultra Lean Tip Kit

DIRECTIONS:

1. Replace existing hose barb on Hydrominder with 1/4" hose barb. This will hold the Ultra Lean tips.
2. Determine the appropriate dilution according to product and insert the small end of the colored tip into the hose barb.
3. Slide the tubing over the tip and hose barb.
4. Insert foot valve into the other end of tubing and insert into Prime Pak box. A ceramic weight should be used for weighing.

If drawing the product through the tube becomes difficult, add a 6" to 8" piece of 3/8" tubing to the bottom of the 1/4" draw tube and remove fine screen from foot valve.

## Platinum Tech Tip:

Using the proper nozzle can reduce water consumption and maintain a better rinse.

**NOTE:** Dilution ratios given above are based on drawing water through the metering tips and are meant as a starting point for system configuration. Results are expected to vary when drawing chemicals due to differences in viscosity and temperature.

# GHS/HMIS SAFETY LABELS

With ECP you get the latest GHS/HMIS compliant safety labels now!

To order or for more information, speak with your Technician's Choice representative today!

*For our Canadian distributors, our labels are also WHMIS compliant!*

"Existing fines and penalties for non-compliance with HCS and WHMIS extend to GHS alignment with these same standards. In the United States, that means that HCS violations, which already rank #3 on OSHA's Top Ten Violations List, could see even more action. And WHMIS penalties of up to $1 million in fines and two years in prison will remain a serious consideration for anyone with obligations under Canada's hazard communication standard." - www.msdsonline.com/

Tomorrow's Technology Today

TECHNICIAN'S CHOICE®

PROFESSIONAL SERIES

**TEC487**
**FIRE WATER MULTI-PURPOSE CLEANER**
NETTOYANT TOUT USAGE

**DANGER:**

**Harmful if swallowed or in contact with skin. Causes severe skin burns and eye damage. May cause damage to liver, kidneys or blood through prolonged or repeated exposure.**

**Nocif en cas d'ingestion ou de contact cutané. Provoque des brûlures de la peau et des lésions oculaires graves. Risque présumé d'effets graves pour les organes à la suite d'expositions répétées ou d'une exposition prolongée.**

**KEEP OUT OF REACH OF CHILDREN**
FOR PROFESSIONAL USE ONLY
REFER TO SDS BEFORE USE
USE IN A WELL VENTILATED AREA
ALWAYS WEAR RECOMMENDED SAFETY EQUIPMENT.

THIS CONTAINER NOT FILLED UNDER CONTROL OF ECP

**PRECAUTIONARY STATEMENTS**: If medical advice is needed, have product container or label at hand. Keep out of reach of children. Read label before use. Do not handle until all safety precautions have been read and understood. Avoid breathing fume, mist, vapors & spray. Wash hands thoroughly after handling. Wear protective gloves, protective clothing, eye protection & face protection. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing IF ON CLOTHING: Rinse immediately contaminated clothing and skin with plenty of water before removing clothes. If skin irritation or rash occurs: Get medical advice/attention. If eye irritation persists: Get medical advice/attention. If experiencing respiratory symptoms: Call a POISON CENTER doctor. Take off immediately all contaminated clothing and wash it before reuse.

**CONSEILS DE PRUDENCE:** En cas de consultation d'un médecin, garder à disposition le récipient ou l'étiquette. Tenir hors de portée des enfants. Lire l'étiquette avant utilisation. Ne pas manipuler avant d'avoir lu et compris toutes les précautions de sécurité. Laver soigneusement les mains après avoir manipulé. Porter des gants de protection/des vêtements de protection/un équipement de protection des yeux/ du visage. EN CAS DE CONTACT AVEC LES YEUX: rincer avec précaution à l'eau pendant plusieurs minutes. Enlever les lentilles de contact si la victime en porte et si elles peuvent être facilement enlevées. Continuer à rincer. EN CAS DE CONTACT AVEC LES VÊTEMENTS: rincer immédiatement et abondamment avec de l'eau les vêtements contaminés et la peau avant de les enlever. En cas d'irritation ou d'éruption cutanée: consulter un médecin.Si l'irritation oculaire persiste: consulter un médecin.En cas de symptômes respiratoires: appeler un CENTRE ANTIPOISON ou un médecin. Enlever immédiatement tout vêtement souillé tous et laver avant de les réutiliser.

**INGREDIENTS:** Water (CAS 7732-18-5); 2-Butoxyethanol (CAS 111-76-2) Alkyl Polyglucoside (CAS 68515-73-1); Potassium Hydroxide (CAS 1310-58-3); Alkyl Imino Acid, Sodium Salt (CAS 64972-19-6)
